County of Wellington Volunteer Risk of Violence Assessment Form

The County of Wellington requires that all volunteers who participate in the Tree Nursery programme (the “Programme”) complete this Risk of Violence Assessment form. Generally, the form requires disclosure of information with respect to the risk of violent behavior or past violent acts. In accordance with its obligations under the Occupational Health and Safety Act, the County is committed to creating a violence free workplace. The information provided will be used by the County to ensure appropriate safety measures are in place to protect the safety of Programme staff and other Programme volunteers.

In responding to the following questions, please consider that our employees:

- Often work alone, or in small numbers, alongside volunteers, and
- Often work with volunteers in remote or isolated locations, such as on hiking trails.

The County, and Programme staff, will make every reasonable effort to maintain the confidentiality of any information disclosed through this form unless disclosure is required to protect the safety of staff, volunteers or other individuals.

PLEASE NOTE: The disclosure of a personal disposition towards violence, or a history of violent behavior does not necessarily preclude persons or groups from volunteering with the Tree Nursery Programme. Honest answers will assist in ensuring that appropriate safety measures are in place where necessary for the protection of Programme staff and volunteers. Failure to provide candid answers will result in immediate exclusion from the Programme.

Questions for All Volunteers:

1. Is there any reason the County should be concerned with you, or your group, having access to the tools used at the Tree Nurseries Programme. These tools include Shovels, Pruning Shears, and other gardening implements.
2. Do you, or any members of your group, have a personal disposition towards violence, or a history of violent behavior? If so, please provide a general outline of the potential risks this behavior may create for Programme staff and other volunteers.

Green Legacy Programme Volunteer Information Sheet

Come Prepared!

Volunteers are responsible for wearing/bringing:

- **Appropriate footwear** – boots for rain/mud, sturdy shoes for hiking. We suggest closed-toed shoes.
- **Hat and/or sunscreen, bug spray**
- **Rain gear/warm jacket** – depending on weather and the time of year
- **Work gloves** – if you want to wear work gloves, please bring your own
- **Refillable water bottle** – drinking water will be provided

Because of the different environments we could be working in, try to dress in layers to accommodate the changing temperatures.

Weather and Cancellations

The Green Legacy Programmes generally run rain or shine. The greenhouses are reasonably comfortable regardless of the weather. We also have limited indoor working space in our underground cooler building. In the event of extreme heat or cold weather we will work at a comfortable pace and will take rests as needed.

If severe thunderstorms or other inclement weather are forecasted for the day you plan on volunteering, contact Green Legacy staff by 8:30 am. **The decision to cancel programmes is made at the discretion of the Green Legacy Manager. If programmes are cancelled, entry gates will be locked.**

Given the limited indoor space available at the Green Legacy Nurseries, it is difficult to accommodate a large number of people in poor weather conditions. Re-scheduling of volunteer dates will be arranged if needed.
