

Notice of Study Commencement – Wellington County Road Master Action Plan

“County Roads Connecting Communities”

Wellington County is developing a **Road Master Action Plan (RMAP)** that will identify short- and long-term improvements to County Roads as we continue to grow, and will shape the way we move around the County in years to come. The **RMAP** is guided by the following key objectives:

- 1. Identify long-term County road network needs to support area growth
- 2. Provide input into other County plans and studies that will help make decisions on how to pay for improvements to the County road network
- 3. Identify and address concerns with the County roads through rural and urban areas, including safety and speed
- 4. Identify opportunities to better connect the County to neighbouring municipalities and the broader region through an integrated transportation planning approach.

The study area includes all County Roads within Wellington County, connecting the municipalities of Minto, Wellington North, Mapleton, Centre-Wellington, Erin, Guelph-Eramosa,

and Puslinch. Provincial roads and local roads which provide connections within these municipalities are not included as part of this study.

This study is being conducted in accordance with the requirements of the Municipal Class Environmental Assessment process. As part of these requirements, the County will be engaging with the public who will have a chance to comment and review study materials and plans. Throughout the study, information and upcoming opportunities for public input will be available at the [Project Website](http://www.wellington.ca/RMAP) (www.wellington.ca/RMAP).

For further information or if you have any questions, please contact Don Kudo, P. Eng., County Engineer at 519.837.2601 x2280 or email rmap@wellington.ca.
