**PURPOSE OF DEVELOPMENT CHARGES**

- Development Charges assist in financing capital projects required to meet the increased need for services resulting from growth and development. Development charge funds may only be used for the purpose for which they are collected.

**BACKGROUND STUDY**

The Development Charges Act, 1997 and Ontario Regulation 428/15 require that, prior to the passing of a by-law, a development charges background study be undertaken, with reference to:

- The forecasted amount, type and location of future development;
- The average service levels provided in the County over the 10-year period immediately preceding the preparation of the background study;
- Capital cost calculations for each eligible development charge service;
- An examination of the long term capital and operating costs for the infrastructure required to service the forecasted development.

Watson and Associates Economists Ltd. prepared an update to the study for the County dated August 24, 2018. The study served as the basis for the development charge rates approved by County Council on October 25, 2018 through by-law 5523-17 & 5590-18.
