Distinguished Budget Presentation Award

GOVERNMENT FINANCE OFFICERS ASSOCIATION

Distinguished Budget Presentation Award

PRESENTED TO

**County of Wellington
Ontario**

For the Fiscal Year Beginning

January 01, 2025

Christopher P. Morrill

Executive Director

The Government Finance Officer's Association of the United States and Canada (GFOA) presented a Distinguished Budget Presentation Award to the County of Wellington for its annual budget for the fiscal year beginning January 1, 2025. In order to receive this award, a governmental unit must publish a budget document that meets programme criteria as a policy document, as an operations guide, as a financial plan, and as a communications device. This award is valid for a period of one year only. We believe our current budget continues to conform to programme requirements, and we are submitting it to GFOA to determine its eligibility for another award.

COUNTY OF WELLINGTON
74 WOOLWICH STREET
GUELPH, ONTARIO
N1H 3T9

January 31, 2026

Dear residents of Wellington County:

At the January 29 County Council meeting, Wellington County Council adopted its 2026 budget with a 3.6% increase to the County portion of property taxes. The budget makes significant investments in infrastructure, roads safety and speed management, child care services, the housing and homelessness system, ambulance services and long-term care.

Highlights of the 2026 Budget include:

- \$58.3 million in roads capital infrastructure and public works facilities including the construction of the new public works garage in Erin (2026), funding for the reconstruction of four bridges on Wellington Road 109 in Arthur (2026) and the reconstruction of Main Street in Palmerston (Wellington Road 123) in partnership with the Town of Minto over the next three years.
- \$4.9 million capital investment towards projects that improve road safety and measures to manage speed utilizing funds from the trial automated speed enforcement programme.
- Creation of 46 new child care spaces at the Mount Forest (31) and Wellington Place (15) Child Care and Learning Centres, supported by the Government of Canada.
- \$10.6 million in capital repairs and enhancements within the County's social and affordable housing units.
- Increased funding for homelessness prevention and support including additional rent supplement units and an enhanced winter response plan to house a higher number of individuals experiencing or at risk of homelessness.
- Improvements to ambulance service through the addition of nine new positions, including eight new paramedics to support increased call volumes and to improve response times.
- Additional resources for nursing and resident care at the Wellington Terrace Long-Term Care Home, supported by the Government of Ontario.
- Recycling collection for businesses in the County's downtown areas.

I would like to thank County staff for preparing this budget, and Council for their conscientious review and cooperation throughout the budget process.

Strategic Action Plan

The Strategic Action Plan is a true reflection of how the Corporation of the County of Wellington works—in an environment that promotes openness, trust and collaboration. The County takes pride in providing the best value and highest level of service to our residents and businesses, including:

- Maintaining County Roads
- Managing Solid Waste Services
- Garbage Collection and Recycling Services
- Affordable Housing and Child Care Services
- Long-Term Care
- Libraries
- Museum and Archives
- Planning and Development Services

Proudly Moving Forward Together

Wellington County

Strategic Action Plan

Proudly Moving Forward Together is an update after the completion of the previous 2019-2023 'Future Focused. People Invested.' Plan. This Strategic Plan seeks to review similarities and differences from 2019 in Wellington County, then adapt and improve within the confines of the new reality. This plan seeks to offer strategic directions aimed at helping Wellington County navigate these new circumstances while ensuring the County continues to thrive.

WHAT SEEMS TO BE NEW OR DIFFERENT?

- Housing, Housing, Housing—while this was a burgeoning challenge in 2019, it is a significantly greater challenge today. A shift from planning to adapt to actionable building is considered to be needed immediately.
- COVID has accelerated the need for continued and enhanced staff well-being, safety, health and wellness.
- The waitlist across Wellington County's Long Term Care facilities is getting longer as more support is needed. This growing need is not expected to slow down in the coming years.
- People experiencing homelessness is a rising challenge, no longer being isolated to only urban areas, but moving across the entirety of the County.
- Growth is not only coming its now here – while in 2019 it was starting to become an issue it is now a significant daily challenge. Given this, how do we manage it and how do we deal with it are much more pressing questions.
- Communicating with people in a variety of mediums is more necessary – especially since the pandemic began and virtual mediums are becoming expected more often, how does the County balance traditional versus emerging virtual approaches.
- Sustainability is more prevalent in the language being used within the Corporation and the County more broadly.
- There is a more pressing shortage of workers in the community – not just general labour but identifying how to attract the right and the best people to work at the County is paramount.
- Climate Change and Mitigation Strategies are at the forefront in a much more impactful way when compared to 2019.

Strategic Action Plan

Wellington County Values

Above all, Wellington County values:

1. **The personal well-being of its residents, employees, and elected representatives.**
We understand that the People we serve, the People we employ, and the People who help provide direction and guidance are the People who make the County special.
2. **Openness and transparency in the decisions we make and how we conduct our business.**
We understand that we need to ensure that our people are working in an environment that promotes openness through trust and transparency.
3. **Respectful collaboration as the base of how we work, both internally and with external partners.**
We understand that it is better to work together as a cohesive team and with our partners.
4. **Responsibility for the County's future.**
We understand that we are the gatekeeper to the County's future, and this is a responsibility we do not take lightly. We recognize our role as a good steward of the local environment, and we pride ourselves in integrating principles of sustainability in everything we do.

Wellington County Aspirations

We will continuously work to ensure that the County has the:

1. Best **people** in place to provide the best services and make the best decisions;
2. Best **processes** in place to collectively make the best decisions;
3. Best **services** in place to service the County's residents and businesses;
4. Best **infrastructure** in place to meet the current and future needs of the community.

Strategic Actions and Priority Areas

We have divided a set of strategic actions into four priority areas:

Tackling a Major Community Opportunity—Housing

Doing What the County Does Best—Providing Critical Daily Services to Our Residents

Making the Best Decisions for the Betterment of the Community

Cherishing the County's Most Valued Asset—its Staff

Tackling a Major Community Opportunity—Housing

In order to achieve this objective, we will:

1. Continue the important work of finding immediate and long-term solutions to support individuals experiencing homelessness while working towards ending the housing crisis.
2. Provide \$10.6 million in capital funding to support repairs and enhancements within the social and affordable housing portfolio ensuring assets are maintained in a good state of repair.
3. Increased funding for homelessness prevention and support including additional rent supplement units and an enhanced winter response plan to house a higher number of individuals experiencing or at risk of homelessness.

Doing What the County Does Best—Providing Critical Daily Services to Our Residents

In order to achieve this objective, we will:

1. Implement improvements to ambulance service through the addition of nine new positions, including eight new paramedics to support increased call volumes and to improve response times
2. Creation of 46 new child care spaces at the Mount Forest (31) and Wellington Place (15) Child Care and Learning Centres, supported by the Government of Canada
3. Provide Recycling collection for businesses in the County's downtown areas
4. Provide additional resources for nursing and resident care at the Wellington Terrace Long-Term Care Home, supported by the Government of Ontario.
5. \$4.9 million capital investment towards projects that improve road safety and measures to manage speed utilizing funds from the trial automated speed enforcement programme

Making the Best Decisions for the Betterment of the Community

In order to achieve this objective, we will:

1. Continue to implement the County's Long-Term Financial Sustainability Strategy and update the Annual Budget and 10-Year Plan.
2. Accommodating Provincial regulations, continue working with all County's Departments to update the County's Long-Term Asset Management Plan
3. Implement the Home Energy Efficiency Transition (HEET) Programme to provide low-cost loans to support residential energy efficiency projects
4. To assist in the decision-making process for major capital projects: Continuing the conversation to establish a set of benchmarks or criteria from which the County can base its decisions.

Cherishing the County's Most Valued Asset—its Staff

In order to achieve this objective, we will:

1. Ensure Recruitment and Retention remains a top priority for the County.
2. Continue reporting and build on the Human Resources Annual Report, engage County staff and build out a comprehensive Human Resources Strategy
3. Continue to promote and support staff wellbeing through committees focused on diversity and inclusion, health, and recognition, alongside internal groups and HR supports that foster connection, learning, and a thriving workplace.

Message From The County Treasurer

February 1, 2026

Ken DeHart, CPA, CGA
County Treasurer

On behalf of the members of County Council, the Warden and the Senior Management Team, I am pleased to present the County of Wellington's 2026 Budget and Ten-Year Plan, which was adopted by Council on January 29, 2026.

This is the fourth budget of the Council term from 2022 to 2026. The County continues to implement its priorities identified in this term's strategic plan, 'Proudly Moving Forward Together,' while making these investments in a fiscally responsible manner.

The County continues to benefit from strong assessment growth that has been able to offset additional service demands and infrastructure requirements. Pressures arising from legislative changes, economic conditions and market changes are not being supported by upper-levels of government. Two of the County's main grants received from the Province, being the Ontario Community Infrastructure Fund (OCIF), and Ontario Municipal Partnership Fund (OMPF) continue to decline. Legislative

changes including the elimination of the Automated Speed Enforcement (ASE) programme and additional development charge exemptions and deferrals are putting pressure on the municipal tax levy. Fortunately, the County has been largely able to weather this storm through its increased growth revenues.

Approximately 85% of this year's budgetary increase can be attributed to three of the County's services, being Roads and Bridges, Police Services, and Social Housing. The increase for Roads and Bridges is primarily related to transfers to capital reserves, where this is the final year of a four-year phase-in of major construction price increases that took place post-COVID. The non-residential construction price index rose by just under 40% from 2021-2024. The County was able to avoid large property tax increases during this period by drawing down on its capital reserves. Transfers to capital reserves should begin to return to normalized levels in 2027. The increase in Police Services is related to the O.P.P. contract costs announced by the Province during the 2025 budget process and the subsequent contract estimate provided to the County for 2026. The Province provided one-time relief to municipalities in 2025, where the County set aside this relief in capital reserves last year to help phase-in this increase in 2026. As a result, the County is experiencing some offsetting relief under Ambulance Services where the impact is mitigated utilizing last year's one-time Provincial funds. The increase in Housing Services is primarily related to continued pressure in the homelessness budget related to rent supplements and winter response costs. Costs to run the County-owned social housing units have also increased to reflect higher operating costs including heating, plumbing and security costs.

Additional service enhancements on the operating side include increased funding for rent supplement and the winter response plan to house a higher number of individuals experiencing or at risk of homelessness, recycling collection for businesses in the County's downtown areas, and plans to move to an automated cart collection system for waste and organics starting in 2028.

The County's operating budget is \$387.8 million in 2026, with capital spending of \$78.6 million and a total capital investment of \$686.6 million planned over the next ten-years. The average increase is 3.6% on the County portion of residential tax bills (2.1% of total tax bills) or \$26 per \$100,000 of assessment. New debt issues total \$90.2 million over the forecast. The 2026 Budget and Ten-Year Plan protects core services and makes significant investments in infrastructure, housing, child care, ambulance, long-term care, and the Home Energy Efficiency Transition (HEET) programme.

History Of The County Of Wellington

- 1838** The District of Wellington was set apart as a separate district and contained the counties of Wellington, Waterloo, Grey, and parts of Dufferin County.
- 1852** The United Counties of Waterloo, Wellington, and Grey were formed.
- 1853** Wellington separated from Waterloo
- 1854** Wellington County became an individual entity consisting of the Townships and Towns of Amaranth, Arthur, Eramosa, Erin, Guelph, Guelph (Town), Garafraxa, Maryborough, Nichol, Peel, Pilkington, and Puslinch. The first Wellington County Council meeting was held January 23, 1854.

In subsequent years, other municipalities joined the County:

- 1857** Arthur, Luther, and Minto
- 1858** Elora and Fergus
- 1864** Orangeville
- 1866** Mount Forest
- 1869** Garafraxa Township separated into East and West
- 1872** Arthur Village
- 1873** Harriston
- 1874** Clifford Village
- 1875** Drayton and Palmerston
- 1881** East Village

- 1879** The City of Guelph separated and became incorporated as a City and was no longer represented on Wellington County Council. Luther Township was divided into East and West. Orangeville and East Garafraxa joined Dufferin County and were no longer represented on Wellington County Council.

- 1999** Amalgamation resulted in the formation of seven new municipalities:

- Township of Centre Wellington
- Town of Erin
- Township of Guelph / Eramosa
- Township of Mapleton
- Town of Minto
- Township of Puslinch
- Township of Wellington North

Wellington County is part of the Upper Grand District School Board and the Wellington Catholic School Board. Both offer excellent elementary and secondary institutions. Locally there are also options for those interested in Montessori, outdoor, faith-based, French Immersion schools, and early childhood education.

There are a considerable number of highly regarded post-secondary institutions in the area. Close proximity to the University of Guelph and Conestoga College, as well as other post-secondary institutions in the region, such as Wilfrid Laurier University and University of Waterloo, is a major asset to the current and future training and workforce needs within Wellington County.

In Wellington County, 48% of the population aged 25-64 years have a college or university level education.

The University of Guelph is ranked one of Canada's top comprehensive universities because of its commitment to student learning and innovative research. The University community also shares a sense of social responsibility, an obligation to address global issues and a concern for international development.

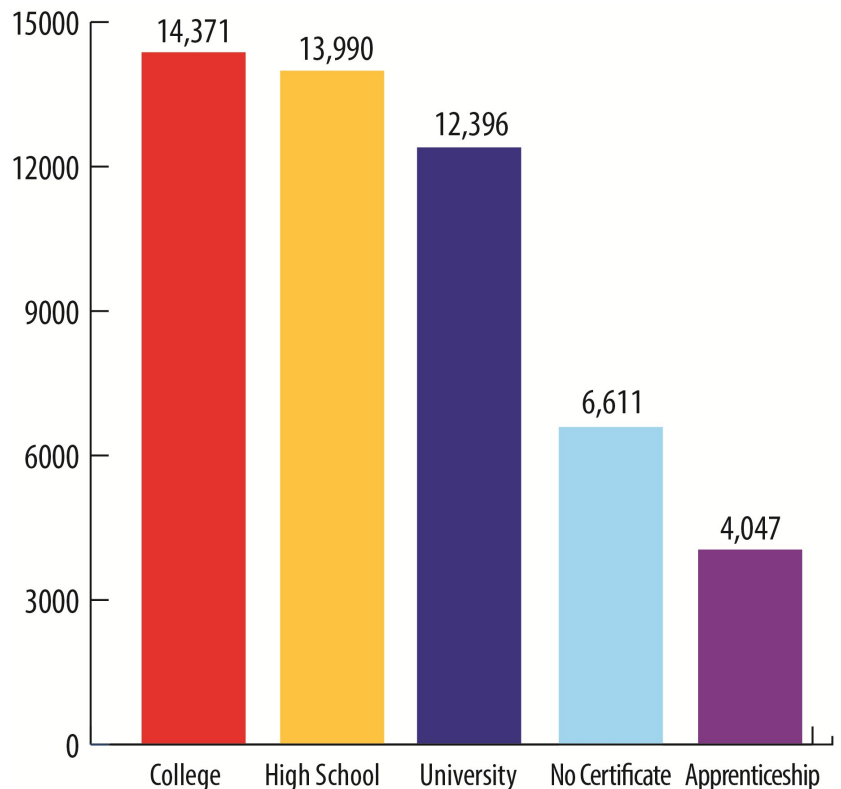

Conestoga College is Ontario's fastest growing college and a leader in polytechnic education. The College's project based learning model provides students with hands-on experience to prepare them for success in careers including business and hospitality, skilled trades, engineering and information technology, health and life sciences, community services, media and design.

There are a considerable number of highly regarded post-secondary institutions in the Greater Golden Horseshoe feeding the available labour force, including:

- University of Guelph
- University of Waterloo
- Wilfrid Laurier University
- University of Toronto
- McMaster University
- Toronto Metropolitan University
- Brock University
- Georgian College
- Humber College
- Conestoga College

Economic Development Highlights

Three-Year Economic Development Action Plan

The County Economic Development team has successfully completed the third year of implementing the Wellington County Three-Year Economic Development Action Plan. The plan outlines key areas of focus designed to support local businesses, strengthen communities, address local challenges, and proactively prepare the local economy for greater resilience.

The activities planned for the final year of this initiative aim to be both innovative and actionable, with efforts concentrated on the following priority areas:

1. Business Attraction, Retention, and Expansion
2. Community Improvement Programme
3. Tourism
4. Shop Local Support
5. Workforce Development
6. Attainable Housing
7. Our Food Future
8. Rural Transit

Economic Development Highlights

Business Retention and Expansion (BR+E)

The County continues to support municipal BR+E programmes across Wellington. In 2024, County staff launched a BR+E initiative focused on downtown businesses, beginning with outreach in the Townships of Guelph/Eramosa and Puslinch, and the Town of Erin. A total of 55 business interviews were completed across these communities. In 2025, BR+E activities expanded to include the Town of Minto and the Township of Wellington North, with 125 interviews completed. To help businesses navigate the evolving trade and tariff environment, staff are also working closely with member municipalities and business support agencies to better understand local impacts. In response, the County launched a trade and tariff support portal in 2025 that provides businesses with relevant resources, information, and timely updates as the situation evolves.

BR+E Implementation Fund

The BR+E Local Implementation Fund provides funding to municipalities for the direct execution of BR+E activities to enhance the local economy. Starting with its inception in 2014, the BR+E Implementation Fund has led to a total investment of approximately \$5.8 million in Wellington County.

Community Improvement Funding

The County’s Community Improvement Funding supports business revitalization, beautification, and investment attraction in Wellington County by providing top-up funding to local municipal Community Improvement Plans (CIP).

The County funding programmes offer support through tax incentives and grants to projects that align with the following countywide priorities:

1. Using land strategically
2. Improve buildings and infrastructure
3. Diversify the economy
4. Provide affordable housing
5. Promote tourism
6. Incorporate sustainability

Economic Development Highlights

Tourism

The County promotes year-round visitation through its Experience Wellington website, seasonal marketing initiatives such as the Holiday Happenings, and Winter Adventures campaigns, and the Dating Our Downtowns campaign (2024), as well as a suite of seasonal outdoor experiences. The updated Wellington County Visitor Map (2024) places a strong emphasis on promoting local events and experiences throughout the County.

The "Pay to Play" tourism signage programme launched in 2018, promotes greater awareness of tourism-based businesses across the County and encourages visitors and locals alike to explore rural destinations.

Staff continue to explore tourism product development opportunities to offer a greater variety of tourism experiences and attract spending. A new tourism experience development grant was launched (2025) to strengthen the sector and the seven signature tourism cycling routes were developed (2023).

Taste Real

Wellington County has a rich agricultural heritage and diverse terroir, making it an ideal place for farm gate shopping, food events, and on-farm experiences. The Taste Real programme promotes farm and food experiences and shopping local to visitors and residents through seasonal food campaigns and the Local Food Map (updated 2025).

Guelph-Wellington is also known for its craft breweries and emerging distilleries, which complement the County's authentic food culture and led to the development of a Craft Gin Trail in 2021. Taste Real's Farmers' Market Trail and Food Experience Guide (2024), promote farm and food-specific outings and adventures available locally.

The programme actively collaborates with local farmers' markets to facilitate the Farmers' Market Passport programme, encouraging visitors and locals to explore rural destinations and support local businesses.

Taste Real's efforts to promote local food also include a Farmers' Market Box Programme, generating significant revenue for local market vendors. Rural Romp events allow residents to discover farms and local food options in the region, and the Holiday Food and Gift Guide encourages residents to shop locally in Wellington County for their holiday gifts and ingredients for festive meals.

Overall, Taste Real's efforts to promote local food and food experiences in Guelph-Wellington have been instrumental in connecting residents and visitors with the region's agricultural heritage and diverse culinary offerings.

Economic Development Highlights

Workforce Development

The County understands the importance of attracting and retaining workforce to sustain its economy. It is dedicated to fostering a skilled and diverse workforce that meets the needs of local businesses to support economic growth across the County. Staff analyze labour metrics, and strategically partner with organizations that support career development and employment, including the Workforce Planning Board of Waterloo Wellington Dufferin, Career Education Council, and EmployNext by SERCO. 2025 highlights include the Trade Tracks Skilled Trades Showcase, the Northern Wellington Works Job Fair, supporting employer information sessions, and youth career pathways events.

The County hosted the third annual Multicultural Festival, continuing its commitment to building Welcoming Communities. The event brought newcomers and long-time residents together to learn from one another, share cultures, and build stronger community connections. Staff coordinated a Welcoming Week social media campaign and attended new resident welcome receptions across member municipalities to promote resources available to newcomers.

Western Ontario Warden Caucus

The Western Wardens Caucus (WOWC) represents 15 upper and single-tier municipalities and 300 communities. The WOWC's current priorities are infrastructure investment, housing, workforce development, and mental health and addictions. To address these priorities, the WOWC is proposing concrete solutions to the challenges facing rural Western Ontario, including working with the Province to:

1. Consider the reality that rural municipalities lack the per-capita tax base to maintain existing infrastructure or build what is required to enable new housing growth. Water, wastewater, and stormwater systems are among the largest costs and are nearing end-of-life.
2. Ensure equitable housing infrastructure funding and clarify plans for utility investments (e.g., hydro, natural gas, water, wastewater).
3. Develop tax incentives and policies that attract investment and support businesses in workforce development. Work collaborative to align municipal workforce programmes with regional economic priorities.
4. Target increases to the Homelessness Prevention Program (HPP) for rural communities, and to support integrated, community-based mental health services, including outreach and mobile programmes.

The WOWC also hosted the Ontario West Municipal Conference to provide dynamic programming, share knowledge, and promote networking opportunities to enhance municipal successes. In 2026, the conference will be hosted October 16 in Wellington County.

Economic Development Highlights

Attainable Housing

The County recognizes that there is a need for rentals and below market housing locally. The housing shortage diminishes the ability of the County to retain and attract business opportunities and residents that will support growth and economic development. In 2019, an Attainable Housing Strategy was developed to explore ways to increase the housing supply and mechanisms needed to encourage public and private sector organizations to build housing that is more affordable. Thereafter the County struck a Housing

Taskforce consisting of elected officials and senior staff to undertake the review, validation and implementation of the Strategy recommendations. In 2025, the County announced a one time \$1,000,000 contribution per municipality for projects that address the availability gap between low-end market housing and subsidized housing.

Ontario Food Cluster, Investment Attraction

As an agricultural community with many food businesses, the University of Guelph, favourable trade agreements and sector supports, the County represents its seven member municipalities within the Ontario Food Cluster. The OFC is a partnership of government and economic development organizations in southern Ontario that work together to develop sector strategies and attract agri-food company investment to the participating Ontario communities.

RIDE WELL Rural Transportation Programme

The Ride Well service officially launched in October 2019 and has grown year-over-year. This trend continued in 2025, servicing 11,326 trips, a 16% increase from the 9,757 rides serviced in 2024, with near or above 1,000 rides serviced monthly since May 2025. This increase is largely related to the introduction of an accessible van to Ride Well's vehicle fleet, providing trips to individuals with mobility aids. In addition to providing accessible trips, the van is co-mingled with non-accessible service to ensure the vehicle is utilized.

Economic Development Highlights

Smart Cities Office

The Smart Cities Office managed Our Food Future, a \$10 million federally-funded project (2020-2023) run in partnership with the City of Guelph. Building on this experience and the project's strong stakeholder network, this office continues to work on circular economy supports and future-ready food systems.

Thrift Store Trail

Aligned with the goals of a circular economy, this specialized directory encourages the re-use of materials otherwise destined for landfill. It offers a way for residents to stretch their budget and encourages business at local stores which are often run as a benefit to local charities.

Your Farm, Your Future

Across Canada, many farmers are aging into retirement without written business succession plans in place.

Recognizing this, the County used a Rural Economic Development (RED) grant to develop support materials and a workshop series to assist in farm ownership transition. The Transition Planning webpage contains a PDF handbook, links to additional web resources, and online training modules. This met with enthusiastic uptake; the

workshop series sold out early, and printed guidebooks were distributed widely.

Experimental Acres

In February, the County's climate-focused agricultural initiative — Experimental Acres, was pleased to receive an Award of Excellence in Rural Economic Development by the Economic Developers Council of Ontario.

The Experimental Acres was also featured in Municipal World Magazine. The Experimental Acres Handbook remains available to other municipalities as a resource and template.

Organizational Structure

The County of Wellington has the Chief Administrative Officer (CAO) system of management. The CAO reports to the Warden and Council on all major initiatives and issues affecting the County. The Chief Administrative Officer attends all Council, Standing Committee, Wellington County O.P.P. Detachment Board and Library Board meetings and provides advice and information on operations as required. The CAO ensures that direction from County Council, its Committees and Boards is implemented in conformity with applicable County policy, and Provincial and Federal legislation and regulations.

The Chief Administrative Officer has overall responsibility for the County's operating departments. Department Heads, the County Clerk, the County Construction and Property Manager and the Communications Manager are responsible for the day-to-day operations of the departments and report directly to the CAO.

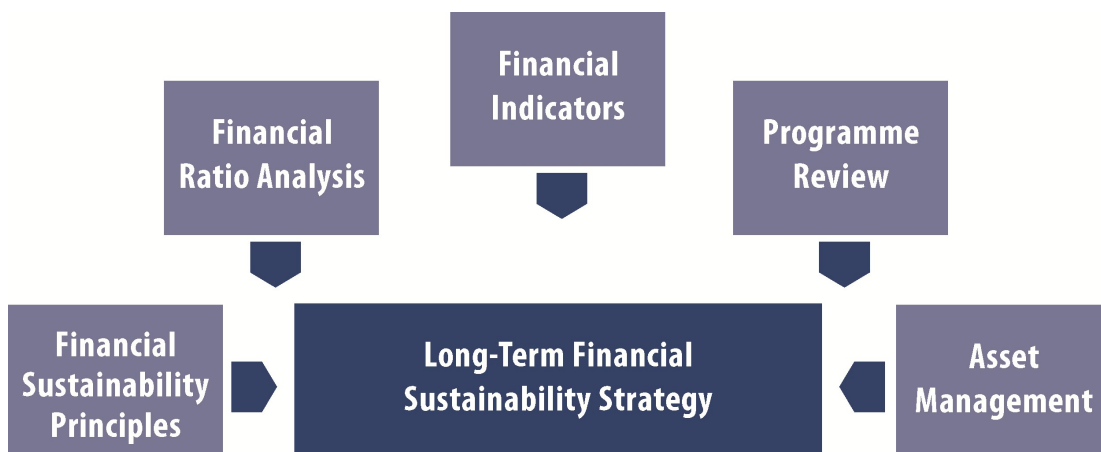

Long-Term Financial Sustainability Strategy

The County of Wellington’s Long-Term Financial Sustainability Strategy applies a prudent and integrated financial planning approach to identify and manage risks to the County’s long-term financial health. The Strategy builds on existing financial planning practices and applies a more comprehensive and integrated approach to risk management.

The Long-Term Financial Sustainability Strategy provides Council with a tool to help make decisions about policies, services and other significant matters that impact the financial health of the County. It is guided by a set of nine financial principles that support the three pillars of financial resiliency (financial sustainability, financial vulnerability and financial flexibility).

The Long-Term Financial Sustainability Strategy is iterative, and needs to be reviewed regularly to ensure that it accurately reflects the current position and future needs of the County. The review of the Long-Term Financial Plan incorporates budget variances, asset management needs, and programme evaluations, to ensure that County is able to deliver excellence in service provision and value for money. More information on the nine pillars of financial resiliency, as well as the ways in which we are integrating the Long Term Financial Sustainability Strategy into our existing practices, can be found on the County of Wellington website.

Financial Policies

The following policies and processes collectively make up the comprehensive financial policy followed by the County. They are integrated into the Long-Term Financial Sustainability Strategy, and the Strategic Action Plan.

Financial Resiliency		
Financial Sustainability	Financial Vulnerability	Financial Flexibility
Budget and 10-Year Plan Asset Management Plan Reserves and Reserve Fund Policy	Assessment Base Management Policy Cash and Investment Management Policy User Fee Policy and By-Laws Development Charges Background Study and By-Laws	Debt Management Policy Credit Rating Reviews Maintenance of Liquidity

Basis of Budgeting

The budget provides for the costs of all programmes provided by the County, debt payments required during the year, capital project expenses, contributions to reserve funds, and any contingencies and provisions for tax rate stabilization. The budget also includes landfill site closure and post-closure expenses (both operating and capital) as well as a transfer to the landfill closure and post-closure reserve fund.

The County of Wellington approves its annual operating and capital budgets using the modified accrual basis of accounting. The County’s annual financial statements are produced on a full accrual basis. In accordance with Ontario Regulation 284/09, the County excludes amortization (a non-cash expense) and future post-employment benefit expenses, but includes the current year’s expense for eligible retired employees. The modified accrual basis of accounting provides the best measure of determining the annual tax levy requirement and a meaningful comparison of budget to actual results. Staff reconcile the budget to a full accrual basis in the annual financial report, as well as in the consolidated budget statement at the beginning of this Budget Book.

Financial Policies

Assessment Base Management Policy

Recognizing that the property tax is the single most important source of revenue for municipalities, it is essential that a high quality assessment base be maintained. The purpose of the Assessment Base Management (ABM) Policy is to promote greater equity, fairness and transparency of the assessment base. The ABM identifies processes, practices and guiding principles that inform the County's efforts to maintain, protect and enhance the quality of the assessment roll. This includes reviewing the accuracy of individual assessments and ultimately, ensuring the equitable distribution of the tax burden.

Asset Retirement Obligation Policy

The Asset Retirement Obligation - Public Sector Accounting Board (PSAB) 3280 is a new accounting standard developed to guide public sector entities on how to account for and report legal obligations associated with the retirement of tangible capital assets. The objective of this policy is to stipulate the accounting treatment for asset retirement obligations (ARO) so that users of the financial reports can discern information about these assets, and their end-of-life obligations. The principal issues in accounting for ARO's is the recognition and measurement of these obligations.

Balanced Budget

In accordance with s. 289 of the Municipal Act, the County is required not to plan for a deficit. The operating budget is balanced when all budgeted revenues equal expenditures. Any shortfalls in budgeted revenues over expenditures form part of the tax levy. The budget is monitored and controlled to strengthen year-end results and to ensure a balanced budget.

Budget Management Policy

The purpose of the policy is to ensure the long-term financial sustainability of the corporation by setting parameters for the development and ongoing management of the annual budget and capital forecast for the County. The policy establishes the authority and process for developing, reviewing, approving and amending the budget and ten-year plan; establishes the form and timing of operating and capital budget variance reporting to all Standing Committees of Council; and promotes a long-term approach to the use of surplus operating funds.

Cash and Investment Management Policy

This policy supports the prudent management of the County's surplus funds and investment portfolio. It aims to optimize the utilization of cash resources while maintaining compliance with statutory limitations, protecting and preserving invested capital, and maintaining liquidity to meet the County's ongoing financial requirements. The objectives for investing surplus funds are ranked as follows: (a) adherence to statutory requirements; (b) preservation of capital; (c) maintenance of liquidity; (d) diversification; (e) competitive rate of return.

Financial Policies

Debt Management Policy

This policy establishes the principles governing the financing of the County's long-term infrastructure and facility requirements. The policy also establishes the process for evaluating potential lease financing arrangements and reporting the results to Council. It ensures the long-term financial sustainability of capital project financing.

This policy also provides a debt management framework that establishes debt limits, debt structuring and debt issuance procedures in accordance with industry best practices.

Development Charges By-Law

Development charges are collected to assist in financing capital projects required to meet the increased need for services resulting from growth and development and are collected in accordance with by-law number 5759-22.

Property Tax Policy

The County approves an updated property tax policy document annually in accordance with the Municipal Act. Annual property tax decisions establish the level of taxation for the various classes of properties including tax ratios, discounts, and rates. The policy includes tax relief programmes including those for low-income seniors and disabled persons, as well as the charitable tax rebate programme. It also establishes capping options on multi-residential, commercial and industrial properties.

Purchasing Policy

The policy promotes and maintains the integrity of the purchasing process to obtain the right goods and services when needed while achieving the best value through a fair and competitive process. The objective of the Purchasing Policy is to achieve consistency, efficiency and competitiveness in the procurement of goods and services.

Reserve and Reserve Funds Policy

This policy establishes the principles regarding the creation, funding, use and closing of reserves and reserve funds. The policy ensures that reserves and reserve funds are used strategically to mitigate significant increases in tax rates; provide financing for extraordinary expenditures; ensure adequate and sustainable cash flows; make provisions for the replacement and renewal of assets; provide funding flexibility and reduce reliance on long-term debt; sets aside funds for future liabilities incurred in the current year but paid for in the future; and segregates funds received for a specific purpose.

User Fee Policy

This policy provides a framework to ensure a consistent approach for establishing user fees, and to improve consistency, transparency, efficiency and accountability in establishing and managing fees.

Budget Process

The County of Wellington begins the budget process in the fall of each year with County departments submitting major ten-year operating budget items, draft ten-year operating forecasts and proposed user fees to the Treasury Department. The Treasury Department then prepares a Preliminary Budget and Ten-Year Forecast of the Operating Budget, Tax Rates, and Capital Budget.

After several reviews, the County holds a special meeting of County Council in early January to review the ten-year plan and the budget. Throughout January, Committee and Board reviews of the budget and ten-year plan takes place. The Administration, Finance, and Human Resources (AF and HR) Committee has the responsibility for reviewing all budget recommendations from other Standing Committees and the Police Services Board, and has the sole responsibility for recommending budgets and budget amendments to County Council. The process ends by late January, with the final Council review and approval of the budget and ten-year projection. The approved budget is a product of all the hard work performed by staff and Council and the County of Wellington.

Budget Process

Public Input

The general public has many opportunities to ask any questions and express their ideas or concerns, as all Committee, Board, and Council meetings are open to the public to attend. Prior to any open meetings, notification of the meeting as well as the meeting agenda are posted on the County of Wellington website. A critical step in the budget process is the special meeting of the County Council to review the proposed budget as well as the Ten-Year Plan. This meeting is open to the public, allowing for considerable transparency and providing a complete picture of the proposed County budget to the public.

Budget Amendment Procedures

1. The Standing Committees, Library Board and Wellington County O.P.P. Detachment Board make recommendations to the AF and HR Committee regarding budget amendments for the services under their direct jurisdiction.
2. The AF and HR Committee reviews and may return for more consideration, budget amendments from the Standing Committees, Library Board and the Wellington County O.P.P. Detachment Board; the Committee also reviews budget amendments for departments and services under its direct jurisdiction.
3. The AF and HR Committee recommends all budget amendments to County Council.

Operating Budget

The Operating Budget is amended only under exceptional circumstances which require a change to the County tax rate. All other deviations from the originally approved budget are treated as in-year variances and reported to Council in accordance with the Budget Management Policy, and are not subject to the public notification provisions of Section 291 of the Municipal Act.

Capital Budget

Refers to any adjustments made to the proposed expenditures and sources of financing for capital works. This would typically occur at the time project tenders are awarded. At the time of tender, the Department Head in conjunction with the Treasury Department will prepare a capital project expenditure and financing schedule. This will identify all expenditures and sources of financing.

Budget Overview: Challenges

Challenges Facing Wellington

Wellington County is facing challenges common to many rural municipalities including: inconsistent financial support from upper levels of government, infrastructure renewal requirements with a large geographic area and low population density, and a changing demographic profile. The County is committed to delivering services that residents have come to expect, while meeting long-term objectives for infrastructure maintenance and investment in growth.

County Council and staff are taking a proactive approach to addressing these challenges. Solutions will require working with the federal and provincial governments to deal with structural policy issues. The County has adapted to some of the challenges internally, and are taking proactive measures to protect our residents and businesses.

Challenge: Providing the Highest Level and Best Quality Services

Wellington County, like many other rural municipalities, must self-fund the farm tax rebate and the conservation land exemption governed by the province. These programmes were previously shared among all citizens of Ontario. The Community Reinvestment Fund (CRF) and its replacement, the Ontario Municipal Partnership Fund (OMPF) were created to help offset these costs to rural municipalities. Since 2012, the County’s OMPF funding has dropped by over 90% or just under \$4.3 million, which has been supplemented by increases in the County property tax levy.

Solution: Budgetary Adjustments

The 2026 Budget incorporates a further 20% drop in OMPF funding from 2025 (\$113,800). Council and staff have built the declining OMPF funding into our forecast and have been able to offset these decreases by finding operational efficiencies and other savings to the extent possible. Also helping to partially offset the drops in OMPF funding is the upload of social assistance costs to the province.

Farm Tax Rebate

What is it?

Prior to 1998, properties assessed as farmland paid 100% of their assessed property tax and then filed an application to receive a 75% rebate, paid directly by the province.

Since 1998, the tax ratio for farmland was changed to 0.25, meaning that landowners pay property taxes on only 25% of the assessed value of their property.

The remaining 75% is shared by all other property classes in rural municipalities, and makes up the farm tax rebate. Under the old system, this cost would have been shared province-wide through income taxes.

Implications for Rural Municipalities

The Ontario Municipal Partnership Fund (OMPF) was supposed to cover the cost of the farm tax rebate through a grant programme for rural municipalities.

The shift in taxes from farmland assessment to other property taxes is worth approximately **\$46.5 million per year**.

Wellington and its member municipalities now receive only **\$5.39 million in OMPF funding** annually.

The difference of roughly **\$41.1 million** is shifted onto other property classes. This works out to an average cost of **\$1,131 per non-farm property owner** to fund the farm tax rebate.

Urban municipalities, including those that border Wellington, do not share in this cost to the same extent. This creates challenges for Wellington to have comparable property tax rates to our urban neighbours.

Budget Overview: Challenges

Challenge: Planning For, and Providing, the Best Physical Infrastructure

Wellington County has a land area of 2,600 km² and a population density of 41.9 per square kilometer. Since our population is spread out over a larger geographic area, more infrastructure is required to connect the County, and the maintenance of this infrastructure is funded by fewer people than in more urban centres. Further, private investment in infrastructure, such as fibre optics, is not always possible as the return on investment is not as high as in more populous regions.

Solution: Connecting People and Managing Assets

The County owns and operates over \$1.9 billion (replacement value) in assets that deliver continued services to the community, and is responsible for the maintenance of these assets. Wellington's large amount of physical infrastructure and relatively low population density makes it critical for the County to plan ahead for its infrastructure requirements.

Municipalities own over 60% of all public infrastructure and receive only nine cents of every tax dollar collected. This requires the County to fund infrastructure improvements with limited finances. Building and maintaining infrastructure is a key objective for the County and is achieved by applying sound asset management practices, conducting regular inspections, prioritizing work needs, taking inventory of what the County owns, monitoring and reporting on asset condition and preparing appropriate asset renewal projections and programmes to address renewal needs. The County has developed a Strategic Asset Management Policy and completed the Asset Management Plan for all Assets in compliance with the provincial regulation Asset Management Planning for Municipal Infrastructure. In addition, the County has produced Annual State of Infrastructure reports in the interim years where Asset Management Plans are not required under the legislation. The 2026 Budget and Ten-Year Plan includes \$686.6 million for infrastructure-related capital requirements over the next 10 years.

To offset some of the pressure faced by municipalities in addressing the infrastructure funding gap, the province continues the Ontario Community Infrastructure Funding (OCIF) in 2026. The funding amount to the County has been further reduced by over \$235,014 in 2026, it remains an integral source of funds projects now as well as in future years budgets.

Budget Overview: Challenges

Challenge: Changing Demographics

Canada's demographics are changing over time, as the Baby Boomer generation enters retirement. An aging population increases the demand for a range of County services including access to hospitals, paramedics, public health, long-term care and affordable housing. Aging demographics and hospital infrastructure puts pressure on the County to renew and expand its three hospital facilities to keep pace with current and future demands and remain economically competitive.

Despite not being a traditional municipal funding responsibility, the Ministry of Health requires that local communities financially support redevelopment costs. Currently the province covers 90% of the costs of "bricks and mortar," but requires the community to make a 10% contribution to redevelopment costs

Solution: Improve Healthcare Facilities and Ambulance Response Times

The 2026 budget continues to include significant investment by the Provincial government to support Long Term Care. The Province has not provided direction on further targeted increases to hours of care for residents. This investment is focused on maintaining direct hours of care at a minimum of four hours per resident per day, and the average working hours of allied health professionals at 36 minutes per resident per day.

The City of Guelph is the delivery agent of Land Ambulance services in Guelph and Wellington County. An Ambulance Master Plan has been completed, which forecasts significant increases in demand for services and presents opportunities for response time improvements within the County by relocating and rebuilding some of the ambulance station facilities. An updated feasibility study has proposed new timing of this investment. The County's capital forecast includes a proposal to build four new ambulance stations, with an

additional four facilities outside the forecast, and lease them back to the City. The City of Guelph's multi-year operating budget includes the addition of twelve new paramedics (eight in 2026 and four in 2027) and two superintendents (one in each of 2026 and 2027) to mitigate the pressure of increased call volumes and assist with improving response times.

The County committed \$14.4 million to support each of the three county hospitals over the period of 2014-2021: Groves Memorial Hospital in Fergus, Louise Marshall Hospital in Mount Forest and Palmerston and District Community Hospital.

Budget Overview: Challenges

Challenge: Addressing a Rise in Homelessness and Decreased Housing Affordability

Across Canada governments are facing a rise in homelessness and the appearance of encampments in most cities. There is also a significant decrease in housing affordability as the population is increasing at a faster rate than our ability to build housing. In short, the demand for housing is exceeding the supply. From a social services perspective, this brings a number of challenges. First, the cost to attain home ownership and secure rental housing continues to rise at a rate faster than income levels. This puts individuals and families at lower-income levels in a precarious situation. Ontario Works assistance rates have not increased since 2018. With rental rates rising, this means that municipalities are having to provide deeper subsidies to those on assistance to keep families housed. Second, housing stock is limited. Vacancy rates have remained low for the last several years giving residents few options when searching for accommodations. Those in social housing may struggle to move beyond their current situation because other affordable options are simply not available. Finally, limited health funding makes supporting those in our community with mental health and addictions concerns challenging. Residents with these types of increased needs have challenges being placed in traditional housing. Supportive and transitional housing options are required in the community and they must be appropriately staffed though the Ministry of Health. The County's resources have been stretched to the limit as it attempts to address the social and economic impact of a housing and homelessness crisis.

Solution: Increase the transitional and supportive housing supply and continue to advocate to all levels of government for appropriate funding levels.

The County continues to support the community by increasing housing options with the use of funding from senior levels of government. This includes an investment of \$1.8 million towards Upbuilding!'s replacement of an aging four-unit building with the creation of 18 new one-bedroom units. In addition, the County plans to spend \$60.8 million over the next ten years on County-owned social housing units across Guelph and Wellington to ensure that the existing housing stock is adequately maintained.

The operating budget also includes an increase of \$5 million to address the significant pressures that are being faced by the homelessness system. This investment allows for increased supports for emergency shelters, providing stability and a greater number of rent supplements.

County Council continues to work closely with the City of Guelph to ensure that advocacy to senior levels of government is coordinated and consistent.

Budget Overview: Challenges

Challenge: The Future Cost of “Business as Usual”.

As the climate changes, the cost of recovery for impacts will far exceed the cost of preparation. These deficits are already being witnessed in Canada where flooding has overcome protections that were designed for outdated climate conditions. Today’s business-as-usual approach will be inadequate to ensure protection against future climate conditions. We can no longer rely on like-for-like replacements.

Solution: Risk and Vulnerability Assessments

The County has initiated climate change adaptation planning assessing the County’s services (including impacts to staff), assets, and infrastructure for their sensitivity and adaptive capacity to the impacts of climate change, as well as the likelihood of the impact occurring and the consequences if it does. The outcome will be recommendations to mitigate the impact for highly vulnerable and high risk impacts.

A similar exercise will be undertaken with a focus on community impacts; how will a changing climate affects the community and the use public spaces, assets, infrastructure and services.?

Methods: How do we know we are on the right track?

1. Climate Change Modelling and Root Points of Failure.

Climate change modelling gives insight into how the climate will change over time. Identifying the impact of climate changes is a thought exercise using models to inform various impact scenarios. Experts and those with lived experiences of systems, assets, and infrastructure predict the outcomes of impacts to identify the potential root points of failure.

2. Lifecycle vs Climate Change Timelines

Climate change models include timeframes in which changes are predicted to take place. For instance, it is predicted that the County will have 67 days above 30°C by 2040. Using this information, plans can be made to improve infrastructure and assets in preparation of the change. In some cases, the change in climate will increase wear and tear on assets and infrastructure whereby reducing their lifecycle. Budget projections can be informed by estimating climate change timelines and asset and infrastructure lifecycles together.

3. Continuous Monitoring

Tracking both the climate and related impacts to assets and infrastructure can provide feedback on whether the projections are correct. Continuous monitoring informs adjustments to approaches, timeframes and budgets.

Executive Summary - Operating Budget

2026 Operating Budget Revenues

\$387.8 Million

Property taxes make up 40% of the County’s revenues with grants and subsidies totaling an additional 39%. Municipal recoveries amounting to 10% are the next largest revenue source for the County.

Operating Budget - Revenue Sources

County revenues are estimated based on federal/provincial funding announcements, estimated caseload and service levels (grants and subsidies) as well as adherence to cost sharing agreements for shared services with the City of Guelph (municipal recoveries). Rental revenues are based on rent-gear to income subsidy calculations for our social housing tenants and lease agreements with the province. Resident co-payment fees at our long-term care home are based on standards provided by the Ministry of Health and Long-Term Care. The following are major revenue sources for the County of Wellington:

Grants and Subsidies

Grants and subsidies anticipated to be received by the County in 2026 total just over \$153.0 million. Most of the subsidies received (\$135.6 million) are for the delivery of social services (Ontario Works, Child Care, Housing and Affordable Housing) as well as subsidies for operating the County's long-term care home, the Wellington Terrace (\$15.5 million). Much of the subsidies received for Social Services are received for services in the City of Guelph (\$102 million) for which the County delivers these programmes on their behalf in its role as Consolidated Municipal Service Manager (CMSM). This means that the County-only portion of these grants is \$33.6 million. Smaller grant and subsidy amounts are received for police, solid waste services, libraries, museum, economic development, rural transportation, planning and green legacy as well as the Ontario Municipal Partnership Fund (OMPF) grant. Other grants are received on a case-by-case basis.

Municipal Recoveries

The bulk of municipal recoveries (just over \$40.5 million annually) are received from the City of Guelph for their share of Ontario Works, Child Care Services and Social Housing operating programmes (\$38.3 million). As well as \$300,000 estimated net fine revenue from the POA court services administered by the City of Guelph and \$134,800 towards funding of Water Quality and Source Water Protection. A smaller amount of revenue is received from other municipalities (\$1.4 million) mainly for roads maintenance activities on boundary roads. Smaller recovery amounts are received for planning services, solid waste services and library agreements with neighbouring municipalities.

Building Rental Revenue

Most of the County's building rental revenue is from tenants of the County's directly owned social housing units. Other building rental revenue consists of agreements with the province for the rental of the Courthouse, Crown Attorney's office and space for Provincial O.P.P. officers at some of the County's directly owned O.P.P. stations.

User Fees and Charges

Primarily consist of resident co-payment fees at the Wellington Terrace (\$5.3 million), curbside user pay bag fees (\$2.2 million) and tipping fees at County landfill sites and transfer stations (\$2.1 million). Other user fees include planning and land division application fees (\$1.4 million), parent fees for the provision of child care (\$0.9 million) at the County's five directly operated child care centres, and solar panel revenues (\$0.2 million).

Other Revenue

Other revenue primarily consists of interest earnings on the County's long-term investment portfolio.

Operating Budget - Expenditures

2026 Operating Budget Expenditures - \$387.8 million

Salaries, Wages and Benefits

Consists of compensation costs for the County’s over 1,000 employees. This includes overtime, shift and standby premiums, vacation pay, clothing allowances as well as the County’s share of employee paid benefits.

Supplies, Materials and Equipment

Includes the purchase of tangible supplies, materials and equipment for the provision of services within County departments. Major items include sand, salt and de-icer expenses; parts and fuel for County vehicles and equipment; food purchases at the County’s long-term care home; operating supplies for directly-operated child care programmes; purchase of library circulation materials; computer hardware; and furniture, fixtures and equipment at County facilities.

Purchased Services

Includes contracted services paid to external agencies and organizations. Major items include professional and legal fees; property assessment; curbside collection; maintenance services for County and housing facilities; software and hardware maintenance and licensing; utilities and taxes; as well as building rental costs.

2026 OPERATING BUDGET EXPENDITURES

Operating Budget - Expenditures

Social Assistance

Payments made to social services clients, community agencies and providers for income support; provision of child care services and social housing.

Transfer Payments

Consists of payments made to the province or provincial agencies, other municipalities for service delivery as well as grants to individuals and organizations. Major items include the Ontario Provincial Police (O.P.P.) contract; the Land Ambulance contract with the City of Guelph; payments to the Wellington-Dufferin-Guelph Public Health Unit; Rural Water Quality grants; and grant programmes for our member municipalities for Economic Development, and Accessibility.

Insurance and Financial

Includes building, equipment, vehicle and liability insurance for County facilities, officials and interests as well as accruals for short-term disability and WSIB self insurance. Financial expenses include provisions for property tax and general write-offs; collections expenses; bank charges and interest; debt issuance; and retailer compensation for the sale of user-pay bags.

Minor Capital Expenses

Includes building and facility upgrades of a one-time nature that don't meet County capital thresholds; roads and bridge repairs of a minor nature, guide rails and traffic related studies.

Internal Charges

Internal service and corporate allocations for the provision of services to other County departments. Major items include roads equipment charges; tipping fees and user pay bags; allocations within social services for appropriate contract provisions; and central administration charges to social services and long-term care in accordance with existing agreements.

Debt Charges

Principal and interest payments for the County's long-term debt. Includes amounts for both tax and growth supported debt. More information on County debt and debt servicing charges can be found on pages 63-64.

Transfers to/from Reserves and Reserve Funds

Since the County budgets on a "fund accounting" basis; these transfers encompass transfers to and from the County's operating and reserves and reserve funds. Each fund has its own assets and liabilities and raises or is granted its own money for its own purposes and records its own expenditures. The transfers end up balancing out within all funds. Separate fund accounting provides for an increased level of control over the assets of the fund so that assets aren't inadvertently used for another fund.

2026 Capital Budget and Ten-Year Forecast

The County’s 2026 capital budget totals \$78.6 million. The County’s investment in its roadway network and social and affordable housing make up 88% of the current year’s capital budget. Of the current year’s capital budget, 61.1% is funded through own source revenues. The remainder is funded through the Canada Community Building Fund (CCBF), Ontario Community Infrastructure Fund (OCIF), provincial and federal subsidies, municipal recoveries, development charges, tax-supported and growth-related debentures.

Major capital projects for the current year include:

- \$58.3 million in its existing network of roads, bridges, culverts and roads related equipment and facilities.
- \$6.9 million in capital repairs and enhancements within its social and affordable housing units,

The Ten-Year Capital Plan invests \$686.6 million in infrastructure and equipment. This includes the design and construction of four ambulance stations, the development of Riverstown landfill, further investment in social housing and roads including \$88.4 million to complete the design and construction of four public works facilities.

Adequate financing is in place to fund the 2026 projected capital cash flow of \$72.74 million.

Capital Budget - Funding Sources

The County of Wellington's capital budget and ten-year plan is supported by several sources of revenue, which include reserves, recoveries from other municipalities, Canada Community Building Fund, provincial subsidy, and development charges. Capital revenue sources are described below.

Reserves

The County funds its capital budget predominately through capital reserves providing stable, predictable, long-term, sustainable funding. Budgeted operating transfers to reserve helps to smooth the impact on the tax levy.

Recoveries

Recoveries from other municipalities are budgeted for shared projects. The largest portion of the recoveries are for projects in Social Services where the County provides services on behalf of the City of Guelph, and in the roads department where capital works on boundary roads and bridges are shared with neighbouring municipalities.

Subsidy

The County is eligible to receive grant funding from Federal and Provincial Governments through a combination of one-time funding agreements and successful grant applications. The 10-year plan includes \$17.4 million in subsidy funding for Roads, and Social Services.

Canada Community Building Fund

The County has planned to utilize \$33.2 million in Canada Community Building Funding on asset management and infrastructure improvements to its network of roads, bridges and culverts over the next ten years. Projects include: the annual pavement preservation programme, one bridge, ten road construction and resurfacing projects. The complete list of Canada Community Building funded projects is shown in the table on the following pages.

Ontario Community Infrastructure Fund

The provincial subsidy revenues identified are from the Ontario Community Infrastructure Fund (OCIF) formula-based funding. In 2023, the Province has revised the formula used to distribute funding to municipalities, resulting in a reduction in annual funding for 2026 of over \$235,000 to the County. The County's allocation is \$2.1 million in 2026. Staff have assumed this level of funding will continue to decline to 2033, after which the funding level is maintained through to 2035. The complete list of OCIF funded projects is shown on the following pages. Projects include: eight roads and resurfacing projects, six bridges and three culverts.

Development Charges

Development charges are used to fund growth related capital and are determined through the development charge background study in accordance with the County's development charge by-law 5759-22 which was approved on May 26, 2022. Bill 185, *Cutting Red Tape to Build More Homes Faster*, repealed the requirement to phase-in of development charges as required by Bill 23. The introduction of definitions for affordable and attainable housing introduced by Bill 134 is projecting development charge revenue to be reduced by up to \$31.7 million. Bill 17 adopted in 2025 could see a further reduction in development charge collections due to further exemptions and timing of development charge payment.

Fund Descriptions

Financial information is prepared in accordance with a fund structure which consists of an operating fund, capital fund and reserve funds. Each fund has a distinct purpose.

Operating Fund

Used to record all revenues and expenditures relating to the day-to-day operations of the County.

Capital Fund

Records all capital related transactions, and is utilized in acquiring, constructing or improving infrastructure and capital facilities.

Reserve Fund

Reserves and reserve funds may be established for any purpose deemed necessary by resolution of County Council. Typical uses of reserves are for equipment replacement, contingencies and stabilization purposes, and capital financing.

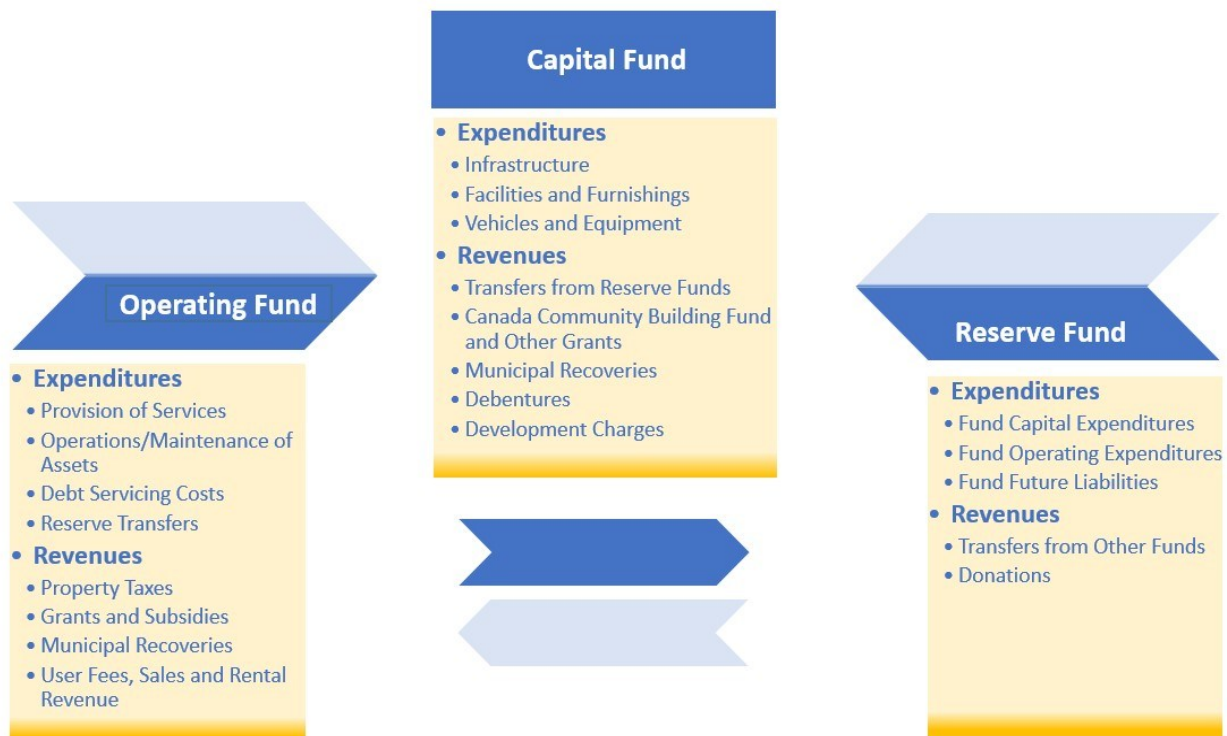

Monies flow between funds through transfers and are recorded as expenses or revenues in the affected funds.

The Reserve and Reserve Fund Balances are budgeted to decrease \$10.5 million in 2026. Reserve transfers to fund major capital items in 2026 include:

- \$13.2 million for road works; \$11.4 million for bridge and culvert works, \$2.4 million for ambulance equipment and facility improvements as well as land purchase for new ambulance stations, and \$4.5 million for Roads and Solid Waste Equipment

Operating departments with increased transfer to reserve to manage assets and fund future capital include:

- Roads, Solid Waste Services, Ontario Works, Emergency Management, Museum, Wellington Terrace, Child Care, Economic Development and Planning

Reserves And Reserve Funds

Reserves and Reserve Funds are established by County Council to improve long-term financial stability and to assist with financial planning. Under the provisions set out in the Municipal Act and the Council approved County Reserves and Reserve Fund Policy, these funds are typically used to fund capital projects, operations, smooth tax levy impacts, and help manage the County’s financial position.

Reserves

Reserves are revenues set aside at the discretion of Council to provide for future expenditures, such as infrastructure replacement. Reserves may be established for any municipal purpose such as working funds, contingencies and asset replacements. The use of reserves assists the County in maintaining its financial position.

Reserve Funds

Reserve Funds are segregated and restricted to meet a specific identified purpose, and must receive interest income per the Municipal Act.

Reserve Funds are established through a by-law of council or by a requirement of provincial legislation. Reserve funds authorized by County Council are referred to as permissive or discretionary reserve funds, and are established for specific purposes.

Long-Term Liabilities And Debt

Long Term Borrowing

The County’s long term borrowing plan remains sustainable and affordable, with \$90.2 million in new debt to be issued over the next ten years. The majority of the capital plan continues to be funded from reserves (65.0%).

Tax Supported Debt

As of December 31, 2025 County tax supported debt totals \$7.9 million. The 2026–2035 forecast anticipates the issuance of \$11.2 million for Erin and Mount Forest ambulance stations.

Development Charge Supported Debt

As of December 31, 2025 County development charge supported debt totals \$20.9 million. The 2026 – 2035 forecast anticipates the issuance of \$79.0 million of development charge supported debt related to growth related portion of four roads facilities, and five ambulance stations.

COUNTY OF WELLINGTON DEBT OUTSTANDING (2026-2035) MILLIONS

Current Debt Obligations

The County’s current debt obligation in 2025 sits at just under \$28.8 million. The largest debt obligations reside within Roadways and Roads Facilities, General Government, as well as Libraries which account for \$28.1 million of the total in 2025. The County has been able to maintain a reasonable debt obligation and maintain its AAA credit rating with Standard and Poor’s.

Annual Debt Repayment Limit

The Province, through the Ministry of Municipal Affairs and Housing, establishes debenture limits for all municipalities on an annual basis. The calculation, which uses data obtained from the 2024 Financial Information Return (FIR), provides an upper limit or ceiling on debt repayment costs. The purpose of regulating debenture limits is to ensure that municipalities do not issue excessive amounts of debt, thereby weakening their longer-term financial strength. Debt issued on behalf of a member municipality is reflected in each member municipality's debt limit.

The ceiling is established not as an absolute amount of debt, but rather as the relationship of debt servicing costs relative to own source revenues (taxation, user fees and charges, etc.). The annual debt repayment limit is calculated as 25% of 2024 Own Source Revenues (\$42.3 million) less all 2024 debt principal (\$3.4 million) and debt interest (\$0.8 million). Wellington's Estimated Annual Debt Repayment Limit (ADRL) for 2025 is \$38.1 million.

Corporate Performance Measures

Each year in advance of final budget preparation, County staff perform a number of calculations to ensure the County maintains its long-term financial health and preserves long-term sustainability. The County utilizes a number of financial ratios to measure its performance over the forecast period to ensure that proposed debt issuances and transfers to and from reserves are made in accordance with its financial policies and maintain or improve its financial health. These measures are described in the following pages.

Debt Limits

Statutory Limitations – Annual Repayment Limit (ARL)

Ontario Regulation 403/02 of the Municipal Act, 2001 sets out the annual debt and financial obligation limits for municipalities. The regulation provides a formula which limits annual debt service costs to an amount equal to 25% of operating revenue. The County is not allowed under this regulation to issue debt which would result in the annual repayment limit being exceeded without provincial approval.

Self-Imposed Limitations (in Accordance with County’s Debt Management Policy)

Notwithstanding the limits prescribed in the regulations, prudent financial management calls for more stringent criteria to limit debt. These criteria will assist in preserving borrowing capacity for future capital assets while maintaining maximum flexibility for current operating funds.

Direct Debt to Reserve Ratio

This ratio compares direct debt to the total of all reserves and reserve funds. A generally accepted target ratio for municipalities is considered to be no more than 1:1. The County’s policy is to maintain its ratio below 0.75:1.

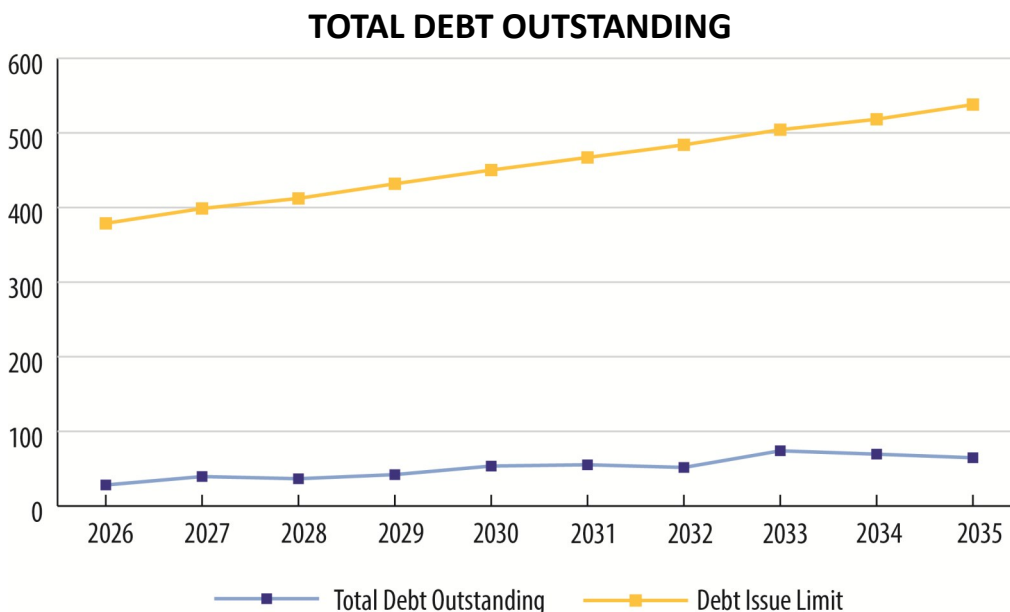

DEBT OUTSTANDING TO RESERVE RATIO

Corporate Performance Measures

Total Debt Outstanding compared to MMAH Debt Limit

The Province through the Ministry of Municipal Affairs and Housing (MMAH), establishes debt limits for all municipalities on an annual basis and provides an upper limit on debt servicing costs. These debt servicing costs are included in the 10 year forecast. The chart below show the forecast debt outstanding against the maximum prescribed by the Province (assuming a 20 year term and 4.75% interest rate).

Debt Charges as a % of Own Source Revenues (OSR) or Debt Service Ratio

Debt service is the amount of principal and interest that a municipality must pay each year to service their debt. The greater the debt servicing required each year, the less flexibility there is for other expenses. As per the BMA Municipal Study 2025, credit rating agencies consider that principal and interest should be below 10% of own source revenue.

Corporate Performance Measures

Reserves and Reserve Funds as a Percentage of the Tax Levy

The County’s strategic use of reserves is one of the many factors behind the improvement in its credit rating since the initial development of the Reserves and Reserve Fund Policy. This and other financial policies will help to strengthen Wellington County’s long-term financial position and provide stability to the corporation. Solid reserve and reserve fund balances allow the County to have the flexibility to respond to economic cycles and unanticipated requirements. Reserves provide the ability to fund the operating and capital needs of the various departments and to respond to both opportunities and risks as they arise.

2026 Operating Budget Impacts From Capital

Some capital projects impact the County's operating budget through increased staffing, maintenance costs or debt servicing costs to fund the project. Other projects actually reduce operating costs through efficiencies in systems or increased revenue opportunities.

The table below summarizes the projected operating impact of capital projects scheduled to become operational in 2026, and projects that became operational during 2025 for a partial year.

Capital Project	Revenue Impacts	Expenditure Impacts	Net Cost / (Revenue)
Erin Library—Staff expenses		143,200	143,200
Arthur Garage —increased insurance and hydro		110,000	110,000
Council Chambers Telecommunications — Council Meetings Live Streaming		16,000	16,000
Total		269,200	269,200

The County of Wellington has ongoing approved projects that, depending on the outcome, may impact future operating budgets.

- Work continues to advance the construction of eight new ambulance stations in alignment with the optimal resource deployment study completed in 2024. The development of a capital lease with the City of Guelph will inform future budget impacts increased lease revenue and higher expenses on the operating side.
- In 2023 the County of Wellington undertook a new Strategic Action Plan. The goal of the plan is to focus attention and provide direction on those items and actions that are most important to County Council and the Senior Management Team. Future budgets may result in future operating impacts as the County aligns the 10 year budget forecast with the priorities identified in the Strategic Action Plan.
- The Roads Master Action Plan that was completed in early 2022 will provide the County direction for future planning of its transportation network and includes a number of actions to address current road needs and future growth. Potential impacts to both the operating and capital budgets are anticipated.
- In 2022 the County completed the Climate Change Mitigation Plan which lays out a pathway to a more sustainable future by empowering our community to act on climate change now. The plan focuses on four main sources of greenhouse gas emissions; Buildings, Transportation and Streetlights, Agriculture and Solid Waste. As the recommendations from the plan begin to be implemented, operating impacts to these service areas are likely to emerge.

2026 BUDGET AND TEN YEAR PLAN

Programme Details

Programme Overview

Programme/Service:	General Revenue and Expenditures
Department:	Administered by Treasury
Governance:	Administration, Finance and Human Resources Committee

Programme Description

- This budget contains items which are of a general nature and not specifically allocated to or identified with a particular programme or service
- General revenues include property taxation (including payments-in-lieu), the Ontario Municipal Partnership Fund (OMPF) Grant, and interest earnings
- General expenditures include property assessment services (MPAC), corporate telephone and postage costs, tax write-offs and allowances for other write-offs, banking charges, and general insurance/legal expenditures

2026 Budget Highlights

- The Ontario Municipal Partnership Fund (OMPF) grant is budgeted at \$455,200, which is a decrease in funding of 113,800 (20%) from 2025 as it has been announced that funding will be phased out over a five-year period
- Estimates for payments-in-lieu of taxes, as well as supplementary and omitted tax revenues have been increased by just under \$200,000 to \$5.2 million to reflect assessment growth figures and expectations for the current year
- Tax write-off estimates have been maintained at \$700,000
- Estimated investment interest of \$6.1 million is transferred to reserves and reserve funds. This represents an increase of \$1.5 million, which reflects favourable investment returns that the County has been able to achieve through new diversified investments, such as structured and principal protected notes.
- The County's share of MPAC's budget for property assessment services is estimated to be \$1,739,500

Programme Goals and Objectives

The Wellington County Assessment Base Management Policy and Procedure recognizes that property taxes are the single most important revenue source for the County of Wellington and it is essential that a high quality assessment base be maintained and will strive to meet the following goals and objectives:

- Promote greater equity, fairness and transparency of the assessment base
(Making the best decisions for the betterment of the community)
- Determine assessment and taxation activities that are designed to maximize the amount of revenue available for collection by the County and its member municipalities
(Making the best decisions for the betterment of the community)
- To protect the assessment base from unnecessary losses
(Making the best decisions for the betterment of the community)
- Provide a means of effectively combating the need to increase the tax rate and cut primary services when additional revenue is required
(Doing what the County does best - providing critical daily services for our residents)

The Wellington County Cash and Investment Management Policy identifies the following goals and objectives:

- Adherence to statutory requirements under Ontario Regulation 438/97 or subsequent provincial regulations and County policy.
(Doing what the County does best - providing critical daily services for our residents)
- Preservation of capital in the overall portfolio though investment in minimum bond ratings of A or higher. **(Making the best decisions for the betterment of the community)**
- Maintenance of liquidity to meet cash flow requirements and minimize temporary borrowing.
(Making the best decisions for the betterment of the community)
- Diversification of the investment portfolio by maturity, issuer and class of security.
(Making the best decisions for the betterment of the community)
- Maximize the rate of return earned on the investment portfolio.
(Making the best decisions for the betterment of the community)

Performance Measures

Programme/Service:	Communications Division
Department:	Office of the CAO
Governance:	Administration, Finance and Human Resources Committee

Programme Goals and Objectives

The Communications Division is responsible for overseeing all County of Wellington brand and style standards, media relations, graphic design, communications strategies, and public engagement:

- Develop strategic and accessible marketing campaigns for all departments that educate residents and promote County programmes, services, events, and initiatives.
(Making the best decisions for the betterment of the community)
- Continuously adopt new communication methods and techniques to meet the changing demands of our residents. The COVID-19 pandemic increased the demand for virtual and online communication.
(Doing what the County does best - providing critical daily services for your residents)
- Engage with external audiences using a combination of modern and traditional communication methods to ensure information is disseminated effectively across all demographics in the County.
(Making the best decisions for the betterment of the community)
- Collaborate with community partners and local agencies to provide comprehensive and inclusive programmes and services. For example, the Communications division has worked closely with Canadian Mental Health Association of Waterloo-Wellington since 2018 to develop strategies for the annual Here4Hope campaign and “Wellness at the County” Employee Wellness Programme.
(Doing what the County does best - providing critical daily services for your residents)
- Assess and evaluate the results of County communication efforts. Provide communication metrics for all departments to assist with future decision making, grant applications, budgeting, and reporting requirements. **(Making the best decisions for the betterment of the community)**

Performance Measures

In order to progress toward accomplishing the County’s Strategic Action Plan and the Programme’s goals and objectives, the following performance measures are considered:

	Projected 2026	Actual 2025	Actual 2024	Actual 2023
Graphic Design Projects (County and External)	750	821	1,015*	680
Photo Shoots (photos, editing, etc.)	46	56	52	45
Media Releases	80	93	76	80
Radio Plays – Regular Subscription	8,000	8,424**	7,853	5,438
Newspaper Ads (52 County pages and Print Ads)	256	256	256	175
Total Social Media Followers	45,000	42,003	28,322	23,150
Number of Social Media Posts	3,000	5,250***	2,578	2,713
Social Media Reach - # of users who saw content	2,500,000	4,862,633***	3,060,060**	1,500,000
Social Media Engagement - # of users who interacted with content	200,000	382,667***	253,424**	176,662

*2024 Graphic Design Projects and Photo shoot numbers were higher due to the increased work done on the new website (one-time significant project). Adjusted for 2025.

** Additional radio ads were purchased to support programming. We do not expect to purchase additional radio ads in 2026. Adjusted for 2026.

*** Two years in a row new programmes, initiatives, and service changes have garnered significant attention on social media (e.g. Automated Speed Enforcement, Blue Box Transition, \$10 Minimum Fee Increase, user pay bag increase, etc.) We anticipate social media reach and engagement numbers to decrease in 2026. Adjusted for 2026.

Programme Overview

Programme/Service:	Property Services
Department:	Office of the CAO and Clerk
Governance:	Administration, Finance and Human Resources Committee

Programme Description

Maintenance, improvements and operations of County owned facilities including:

- Administration Centre, Courthouse, Gaol, Governor's Residence, 15, 21 and 25-27 Douglas Street
- Dominion Public Building (Housing Services and Children's Early Years)
- 129 and 133 Wyndham Street, Guelph (Ontario Works, Emergency Operations Centre, 12 apartments)
- 59, 69, and 75 Woolwich Street (former Wellington Catholic District School Board buildings)
- Clifford and Arthur Medical Centres
- Badenoch and Mount Forest Community Services Centres
- Health Unit offices at Wellington Terrace
- Douglas Street Parking Lot, 401 Gateway Signs, and Solar Panels at various County locations

2026 Budget Highlights

- The addition of a part-time cleaner to provide the required assistance with various County buildings including those located at 75 Woolwich and 27 Douglas St. as these buildings are both fully occupied by County staff.
- The budget provides for rent and operating expenses associated with the above noted properties
- Capital projects relate to major repairs or renovations to County-owned facilities. Projects total \$6.1 million and are funded from the Property Reserve
- Vehicle lifecycle replacement in 2026 is for a hybrid vehicle (as part of the Green Fleet Pilot), with the 2028 pickup truck budgeted as a traditional fuel powered vehicle, while future year replacements are planned as electric vehicles

Staff Complement (Full time equivalents)	2025	2026
Property Maintenance	8.6	8.6
Office Cleaning	6.5	7.1
Construction and Property Manager	1.0	1.0
Total	16.1	16.7

Performance Measures

Programme/Service:	Property Services
Department:	Office of the CAO and Clerk
Governance:	Administration, Finance and Human Resources Committee

Programme Goals and Objectives

The property maintenance area strives to minimize costs while simultaneously supporting an effective corporate maintenance system that meets compliance and safety standards, improves facility performance, lowers maintenance costs and extends the lifespan of facilities and equipment. The construction management area strives to successfully plan, coordinate, and supervise County construction projects from early development to completion, safely, on schedule and within budget.

- Building condition assessments (BCAs) are conducted regularly along with monthly inspections which are referenced to ensure all County facilities are maintained in excellent condition for the health and safety of our residents and that they are physically and functionally sound.
(Doing what the County does best—providing critical daily services for your residents)
- All new County construction projects utilize both the Green Legacy Building Standards (GLBS) as well as the Facility Accessibility Design Manual (FADM). The GLBS meets the Emerald Level of Certification which is the County's highest building standard. The FADM currently provides a higher level of accessibility than current code requirements. These manuals will continue to be updated as required to coincide with any Ontario Building Code (O.B.C.) updates.
(Making the best decisions for the betterment of the community)
- Monthly Health and Safety inspections are conducted and all findings are prioritized and addressed accordingly. Regular compliance inspections and testing are conducted on systems including (but not limited to) HVAC systems and filters, fire extinguishers, sprinkler systems, and fire alarm panels.
(Making the best decisions for the betterment of the community)
- Vendor performance reviews and quality assurance inspections are conducted to ensure best in service vendors are utilized and any necessary repairs identified are completed.
(Doing what the County does best - providing critical daily services for your residents)

Performance Measures

In order to progress toward accomplishing the County's Strategic Action Plan and the Programme's goals and objectives, the following performance measures are considered:

	Projected 2026	Actual 2025	Actual 2024	Actual 2023
Number of Customer request forms handled	1,429	1,415	1,192	1,068
Average condition of County facilities per BCAs*	Good	Good	Good	Good
% New construction projects managed by Property Services completed on or under budget	100%	100%	100%	100%

*Ratings (per Stonewell Group BCA's)

Good - reasonable condition, not expected to require capital expenditures in the new future

Fair - deteriorating conditions, likely to become "poor" within a few years if not addressed

Poor - observable deterioration requiring immediate capital care

Programme Overview

Programme/Service:	Economic Development
Department:	Wellington County Museum and Archives
Governance:	Economic Development Committee

Programme Description

The Economic Development Division continues to work in collaboration with the local municipalities and strategic investments are guided by the Economic Development Three-Year Plan. Market intelligence and the status of existing business continues to be a focus, while business support, attainable housing, investment attraction and enticing talent to move to Wellington County are areas of commitment going forward. We provide:

- Up-to-date information on the local economy, trends, opportunities and the annual credit rating review
- Workforce development and talent attraction through facilitation between private industry, support organizations, education and training
- Investment attraction and promotion of Wellington County through Experience Wellington, Taste Real Local Food Programme and Ontario Food Cluster participation
- Support of the County broadband roll-out, including the speed test campaign, digital equity coalition and enquiries.
- Funding for a County-wide Business Retention and Expansion programme, the Invest Well Community Improvement Programme (CIP) and contributions to local business support organizations
- Solutions to encourage attainable housing stock development in Wellington County
- Smart Cities: coordinating 10-12 County Experimental Acres host sites, supporting local food security and digital access activities, hosting an Agriculture community support event, co-hosting a participation event for the federal Living Lab – Ontario, and leading a Farm Transition Planning project.

2026 Budget Highlights

- Business Retention and Expansion Local Implementation Fund—additional funding to bring the total to \$35,000 per local municipality for the direct execution of BR+E recommendations for activities that enhance the local economies.
- International Plowing Match (IPM)—includes an allocation of \$150,000 under transfer to reserves beginning in 2026 to set aside funds for the hosting of the IPM in 2032
- New capital project for the replacement of County Gateway Signage in 2026

Programme Goals and Objectives

The Economic Development Division leads and participates in activities that grow, develop, and promote Wellington County as an exceptional place to live, work and invest. Staff provide business support services, oversee county-wide programmes, engage in economic planning, and organize events to further these objectives.

In alignment with the Corporate Strategic plan and the Economic Development Action plan, staff will focus on the following goals and objectives:

- Strengthen the success and long-term competitiveness of Wellington County businesses by expanding BR+E efforts, supporting workforce development, and promoting local products and businesses.
(Making the best decisions for the betterment of the community)
- Enhance the County's investment readiness by streamlining processes and actively pursuing new investment opportunities that align with community priorities.
(Making the best decisions for the betterment of the community)
- Elevate Wellington County as a destination by improving visitor experiences, expanding tourism infrastructure, and promoting local tourism businesses and attraction.
(Making the best decisions for the betterment of the community)
- Build resilient, well-connected communities by supporting accessible transportation, advancing future-ready food systems, and fostering strong social and climate-resilient infrastructure.
(Doing what the County does best - providing critical daily services for your residents)
- Strengthen communication and engagement with residents and businesses and celebrate Wellington County's rich culture through events and marketing initiatives.
(Making the best decisions for the betterment of the community)

Programme Overview

Programme/Service:	Rural Transportation
Department:	Wellington County Museum and Archives
Governance:	Economic Development Committee

Programme Description

The County of Wellington's Transportation Programmes provide transportation options for its residents and visitors.

The Ride Well programme is a ride-sharing public transit service that operates across all municipalities within the County and provides connections to and from the City of Guelph. The service runs on weekdays from 6:00 a.m. to 7:00 p.m., with rides bookable in advance through the Ride Well mobile app or by phone.

Launched as a rural transit pilot in 2019, the Ride Well programme was partially funded by the Province's Community Transportation Grant until March 2025. Initially developed to support rural employers by offering transportation options for their employees, the service has since grown to meet a wide range of needs. Since that time, it has become evident that users depend on the service for diverse purposes, including healthcare, recreation, shopping, and accessing other services.

The programme has undergone several expansions and operational updates, such as the introduction of a zonal structure to improve vehicle availability across Wellington County. By committing to the ongoing support of the programme, the County became eligible for Provincial Gas Tax funding starting in April 2025, to offset transportation-related expenses.

Social Services Community Services Transportation Programme supports no-cost transportation service for low income individuals and families to access required social service, medical and legal appointments as well as some activities of daily living. The funding supports the administration of the service as well as mileage reimbursements based upon programme usage.

2026 Budget Highlights

- A new Transit Coordinator position (identified during the 2025 budget process) is included with an updated start date of July 1, 2026.
- One-time funding to Grey County for the Guelph Owen Sound Transportation (GOST) Line is included under transfer payments for \$60,000 in 2026.
- A Multi-County Transit Study that is investigating the design and cost of a unified regional transit network serving Wellington, Grey, Bruce and Dufferin Counties will inform future planning.

Programme Goals and Objectives

The County's transportation programmes focus on providing sustainable mobility options accessible to all residents in the County. The Ride Well Rural Transit Service aims to provide a financially responsible public transportation option to permit mobility for residents of all demographics, abilities, and incomes.

In alignment with the Corporate Strategic Plan staff will focus on the following goals and objectives:

- Monitor, evaluate, and refine the Ride Well Service to best serve Wellington County residents.
(Doing what the County does best - providing critical daily services for your residents)
- Explore partnerships with other transportation providers and neighbouring communities to create a more integrated transit system and enhance the rider experience.
(Making the best decisions for the betterment of the community)
- Maximize funding opportunities and implement service adjustments to support a financially responsible future for the service. **(Making the best decisions for the betterment of the community)**
- Effectively serve low-income individuals that need assistance.
(Doing what the County does best - providing critical daily services for your residents)

Performance Measures

In order to progress towards accomplishing the goals outlined in the County's Strategic Plan and the Economic Development Action Plan the following performance measures are considered:

Programme Overview

Programme/Service:	Roads and Bridges
Department:	Engineering Services
Governance:	Roads Committee

Programme Description

Safety, asset preservation, and the provision of an efficient transportation network for the movement of people and products, drive most of the activities associated with the Roads Division. Engineering Services is financially responsible for 1,436 lane km of roadways, 101 bridges, 102 culverts, and operates 47 sets of traffic signals (at intersections and pedestrian crossings), 14 roundabouts, and approximately 32,500 linear metres of guide rails. Operations are run out of 8 garage facilities, which include 8 storage structures, and 10 sand and salt domes. Roads fleet is made up of 83 licensed vehicles and 60 unlicensed pieces of equipment.

2026 Budget Highlights

Capital works of \$58.3 million planned for 2026 include:

- \$16.0 million for roads construction (including growth-related projects); \$14.5 million for bridge and culvert replacement and rehabilitation work; \$12.3 million in facilities; \$4.4 million for equipment replacement; \$3.6 million for asphalt resurfacing; \$2.6 million for asset management and engineering activities; and \$4.9 million for Automated Speed Enforcement (ASE) funded initiatives.
- The roads ten-year capital forecast includes the rebuilding of four new County garages (Erin, Brucedale, Harriston and Aberfoyle), which includes the issuance of \$65.2 million in growth-related debt.

Operating impacts in 2026:

- Reserve funding increases of \$200,000 in Roads Equipment and \$2.75 million in Roads Capital to account for capital cost increases
- Removal of one-time allocation of revenue in the amount of \$1.0 million to be received from the Automated Speed Enforcement (ASE) pilot project. The revenue loss is fully offset by removal of the corresponding transfer to reserve.
- Municipal recoveries include an increase of \$180,000 as a result of an updated contract with Perth County for roads maintenance on their behalf
- An additional Truck and Coach Technician approved by committee in April 2025
- One-time consultation costs of \$50,000 to address traffic concerns in Centre Wellington

Programme Goals and Objectives

The County of Wellington completed a Road Master Action Plan (RMAP). This Plan helps the County map out improvements to the County's transportation network, and helps guide the Roads and Bridges Programme towards a set of goals and objectives. The RMAP reviewed current and future transportation network requirements to accommodate future population and employment growth projected in the County to 2041.

- Identified improvements required to the County road network to accommodate future population and employment growth. **(Making the best decisions for the betterment of the community)**
- Examined traffic, safety, and speed management issues on the County road network and prioritize a list of improvements. **(Making the best decisions for the betterment of the community)**
- Identified how County road improvements are funded through development and the existing tax base. **(Making the best decisions for the betterment of the community)**
- Provided guidance on the role of County roads through urban downtown areas, and help us create friendly and, livable communities. **(Making the best decisions for the betterment of the community)**
- An effective County road network provides economic and social benefits, and it helps communities thrive. **(Making the best decisions for the betterment of the community)**
- Having a good plan in place for transportation means safer travel for all residents. **(Doing what the County does best—providing critical daily services for your residents)**

Performance Measures

Programme Overview

Programme/Service:	Solid Waste Services
Department:	Engineering Services
Governance:	Solid Waste Services Committee

Programme Description

- The County provides programmes for the collection and disposal of municipal solid waste and recyclables, and operates one active landfill site and five transfer stations
- The County is also responsible for 16 closed landfill sites
- A curbside user pay collection service is offered County-wide in both urban and rural areas
- The landfill sites and transfer stations provide waste and recyclable disposal opportunities to manage items and quantities not appropriate for curbside collection. The waste facilities provide means to divert materials from landfill including household hazardous wastes, electronics, tires, brush, scrap metal and reuse centres. New materials which are being diverted as of 2025 include shingles, drywall and mattresses.

2026 Budget Highlights

Operating Budget:

- The move to full-producer responsibility for the Blue Box programme in July 2025 is annualized through a net budget reduction of just under \$1.2 million in 2026
- The expansion of the recycling collection for downtown businesses of \$135K over 2026/2027 is included to replace loss of service from transition to producer responsibility
- Effective January 1, 2026, tipping fees at the waste facilities are increasing from \$145 to \$160 per tonne resulting in additional tipping fee revenue of over \$200,000
- The transition of moving from manual curbside collection to an automated collection model is forecasted to be implemented on July 1, 2028. This change will result in removal of user pay bag sales revenue, increased contract costs for curbside collection and elimination of user pay bag and retailer compensation expenses. The net result of these changes is an increase to the County tax levy of approximately \$2.2 million (just under \$1.1 million in each of 2028/2029).

Capital Budget:

- A total of \$22.7 million in expenditures is projected over the ten-year period
- Riverstown landfill is the County's one remaining active landfill site with expected capacity through 2051. Staff are planning for the closure of Phase I and the future development of Phase II throughout the ten-year forecast and have included projects totalling \$4.2 million.
- To facilitate the move to automated cart collection, a project for the provision of waste and organic carts for residents is including in 2028 in the amount of \$5.5 million

Performance Measures

Programme/Service:	Solid Waste Services
Department:	Engineering Services
Governance:	Solid Waste Services Committee

Programme Goals and Objectives

The following Goals and Priorities and guiding principles have been articulated in the Solid Waste Services Strategy:

Excellent Customer Service

- Provide excellent customer service that is convenient, safe, and meets residents' needs

Sound Financial Management

- Deliver programmes and services that are evaluated on an ongoing basis to ensure they are efficient and cost-effective

Environmental Stewardship

- Protect the air, water and land through environmentally sound practices and operations

The goals and priorities of the Solid Waste Services Strategy are informed by a set of guiding principles, which are aligned with those of the County's Strategic Action Plan:

- Adopting triple bottom line (people, planet, prosperity) approach
(Making the best decisions for the betterment of the community)
- Treating landfill as an asset, a resource to be protected
(Making the best decisions for the betterment of the community)
- Maximizing diversion from landfill
(Doing what the County does best - providing critical daily services for your residents)
- Focusing on long-term planning horizons
(Making the best decisions for the betterment of the community)
- Minimizing greenhouse gas (GHG) emissions associated with operations
(Doing what the County does best - providing critical daily services for your residents)
- Enhancing promotion and education offerings
(Doing what the County does best - providing critical daily services for your residents)
- Supporting circular economy principles within programmes, practices and operations
(Making the best decisions for the betterment of the community)

Performance Measures

In order to progress toward accomplishing the County's Strategic Action Plan and the Programme's goals and objectives, the following performance measures are considered:

	Projected 2026	Actual 2025	Actual 2024	Actual 2023
Waste Diversion Rate	37.98%	44.43%	44.55%	44.75%
Total Diverted Tonnes Captured (Residential, Industrial, Commercial, and Institutional)	8,700*	11,469*	13,684	13,933
Estimated remaining years of Landfill Capacity	24	25	26	27
Number of Outreach Products/Presentations	600	2,817**	527	391

* Diverted tonnage reduced due to blue box programme transitioning to producers July 1, 2025

** Includes in-person visits to businesses across the County regarding the Blue Box Transition

Programme Overview

Programme/Service:	Ontario Works
Department:	Social Services
Governance:	Joint Social Services and Land Ambulance Committee

Programme Description

- Ontario Works provides temporary financial assistance to residents in need while they are assisted in becoming employed and achieving self-reliance. Income assistance includes allowances for basic needs, shelter, as well as other benefits prescribed in the regulations to those applicants who meet mandatory eligibility requirements. Goal setting conversations and the completion of common assessment tools are used to develop action plans with recipients. Support and community referrals are provided to assist recipients in accessing counseling, life skills workshops, educational programmes, and Employment Ontario services.
- The Cost Recovery Division is primarily responsible for programme accountability. These services include file audits, eligibility review investigations, pursuit of benefit reimbursements, overpayment recovery and administration of client appeal processes.
- Emergency Assistance and discretionary health benefits provide eligible, low income individuals with assistance to meet urgent financial and medical needs.
- Social Services Help Centre: Assists residents in accessing Social Services information and programmes and provides referrals to support services in the community. Free access is provided to computers, online resources, photocopying, public telephones.
- Grant funding provides local agencies and collaborative groups resources to address important social issues such as domestic violence, substance misuse, elder abuse and poverty reduction.
- As Consolidated Municipal Service Manager, the County delivers these services in a specific geographic area which includes both the County of Wellington and the City of Guelph. The net municipal cost is apportioned to the County and City based on the residence of the recipient.

2026 Budget Highlights

- The grants and subsidies line is increasing by approximately \$1.6 million in 2026. Staff have received confirmation that the provincial administration funding for Ontario Works will remain at the same level as received in 2025. The budget anticipates a 9% increase in Ontario Works benefits cost. Ontario Works benefits are 100% provincially funded and increases will not impact the municipal tax levy.
- Salaries, Wages and Benefits reflect several changes including: The addition of a Service Continuity Caseworker offsetting the ending of the Newcomer Caseworker contract. The removal of part-time positions including an Office Support Clerk. A reallocation of staff time to the Housing Services budget to better reflect actual job duties. These staffing adjustments total a decrease of 1 FTE full time equivalents (FTE) in 2026 with net municipal savings of \$70,000.

Programme Goals and Objectives

The Ontario Works Division strives to effectively serve people needing assistance by delivering high quality programmes and services in collaboration with our community partners and in accordance with provincial legislation and directives governing the Ontario Works programme. The Ontario Works annual Service Plan outlines how the following goals and objectives of the Ontario Works programme are to be achieved:

- Recognize individual client responsibility and promote self-reliance through participation in life stabilization and referrals to employment activities.
(Doing what the County does best – providing critical daily services for your residents)
- Provide financial assistance to those most in need while they meet participation obligations of the Ontario Works programme.
(Doing what the County does best – providing critical daily services for your residents)
- Effectively serve low-income people that need assistance.
(Doing what the County does best - providing critical daily services for your residents)
- Ensure accountability in service delivery to provincial and local taxpayers.
(Doing what the County does best - providing critical daily services for your residents)

Performance Measures

In order to progress toward accomplishing the County's Strategic Action Plan and the programme's goals and objectives, the following performance measures are considered:

Programme Overview

Programme/Service:	Children's Early Years Division
Department:	Social Services
Governance:	Joint Social Services and Land Ambulance Committee

Programme Description

- **Children's Early Years Management:** Planning and management of the child care and early years family supports system for the service delivery area, including oversight of compliance with provincial requirements. Provision of Canada-Wide Early Learning and Child Care System (CWELCC) general operating grants, fee subsidies, special needs resourcing, capacity building, EarlyON Programmes, wage enhancement/home child care enhancement grants, and community grants.
- **Child Care Subsidies:** Provides financial assistance to eligible families to pay for child care fees in licensed child care, authorized recreation and skill building programmes, and school board operated programmes who have a Purchase of Service Agreement with the County of Wellington.
- **General Operating Grants:** Provides financial assistance for the operation of licensed child care programmes including staff wages and benefits, occupancy costs and professional development for operators with a Purchase of Service Agreement with the County of Wellington.
- **Special Needs Resources:** Provides enhanced support services which supports the inclusion of children with special needs in licensed child care settings, including home child care, camps and children's recreation programmes, at no additional cost to parents or guardians. Supports may include resource consultation, supplemental staffing, connections to specialized supports, professional development opportunities to support staff.
- **Capacity Building:** Provides an Early Years Professional Resource Centre that plans and facilitates ongoing professional learning, side-by-side mentoring, and a variety of resources to increase quality levels.
- The County of Wellington operates four licensed child care centres (one in Guelph and three in Wellington County) which offer 223 spaces in total. The County also operates a licensed home child care agency that provides access throughout Guelph and Wellington County. Home-based child care offers families increased availability, accessibility and choice of licensed child care options for their families.

2026 Budget Highlights

- An increase of approximately \$8.3 million in funding under the Canada Wide Early Learning and Child Care Funding Agreement (CWELCC) has been reflected. This funding has been increased based on the provided Provincial allocation.
- Staffing changes include annualization of prior year additions and the addition of a Resource Consultant. Additional teacher hours and a part-time cook have been included to support the expansion initiative at Mount Forest Child Care and Learning Centre and Wellington Place effective August 1, 2026 and November 1, 2026, respectfully.

Programme Goals and Objectives

The County of Wellington Children's Early Years Division (CEYD) is the designated Consolidated Municipal Service Manager responsible for planning and managing the child care and early years (EarlyON) services for the Wellington service delivery area. As the service system manager, CEYD is required under the *Child Care and Early Years Act, 2014*, to establish a local child care and early years service plan that addresses the matters of provincial interest in addition to local child care and early years service system interests. The following are goals and objectives of the CEYD:

- Implement a consistent and continuous quality assessment and improvement strategy across the child care and early years system. **(Making the best decisions for the betterment of the community)**
- Develop and support implementation of a workforce strategy that improves recruitment and retention of qualified child care and early years professionals.
(Cherishing the County's most valued asset - its Staff)

Programme Overview

Programme/Service:	Social Housing
Department:	Social Services
Governance:	Joint Social Services and Land Ambulance Committee

Programme Description

- Administration and management of 1,268 County-owned social housing units for low income tenants
- Administration and funding of 1,336 non-profit and co-operative housing units owned by 14 non-profit housing corporations for low and moderate income tenants
- Administration of approximately 701 housing units under rent supplement agreements with landlords to reduce rents for low income tenants
- Coordinated Access - maintaining the Centralized Waiting List for social housing access
- Administration of Home Ownership agreements
- Homelessness Prevention Programme – Several housing stability programmes including rent bank, emergency energy funds, housing stability programme, emergency shelter payments, rent supplements, and agency grants are provided.
- Housing and Homelessness Plan – local community plan with strategic directions to support municipal and community outcomes in social/affordable housing and homelessness.
- As Consolidated Municipal Service Manager, the County delivers these services in a specific geographic area which includes both the County of Wellington and the City of Guelph. The net municipal cost is apportioned to the County and City based on the prior residence of the tenant.

2026 Budget Highlights

- Staff updates include: A Tenant Services Clerk, Housing Stability Coordinator and a Housing Stability Caseworker starting April 2026. A contract Capital Asset Supervisor will become permanent and a Capital Works Coordinator contract will end early 2026. A reallocation of staff time from Ontario Works to Housing to better reflect actual job duties.
- Increase to heating and plumbing supplies, electrical repairs, security, snow removal and utilities at our county-owned units to reflect actuals.
- In order to support existing rent supplement subsidies, plus an additional 20 households a month, \$3.7M (\$3.2M municipal impact) has been added to the 2026 budget.
- A total investment of \$780,000 has been added to our winter response plan.
- Capital spending on County-owned social housing units totals \$67.2 million over the ten-year forecast.

Programme Goals and Objectives

Under the Housing Services Act, the County is responsible for developing, approving and overseeing the implementation of a 10-year strategy called the Housing and Homelessness Plan (HHP). The HHP is responsible for setting the Affordable and Social Housing Programme goals and objectives:

- Help low-income households close the gap between their incomes and housing expenses.
(Doing what the County does best - providing critical daily services for your residents)
- Provide a range of housing stability supports to assist with housing retention and homelessness prevention. **(Doing what the County does best - providing critical daily services for your residents)**
- Offer a comprehensive range of supportive housing options for residents with complex needs due to aging, disabilities, mental health issues and addictions.
(Doing what the County does best - providing critical daily services for your residents)
- Increase the supply and mix of affordable housing options for low to moderate income households.
(Tackling a major community opportunity – housing)
- End chronic homelessness. **(Tackling a major community opportunity – housing)**
- Promote client-centred, coordinated access to the housing and homelessness system.
(Doing what the County does best - providing critical daily services for your residents)
- Support the sustainability of the existing social and affordable housing stock.
(Making the best decisions for the betterment of the community)
- Foster access to culturally appropriate housing and homelessness services for Indigenous peoples.
(Doing what the County does best - providing critical daily services for your residents)

Performance Measures

Programme Overview

Programme/Service:	Affordable Housing
Department:	Social Services
Governance:	Joint Social Services and Land Ambulance Committee

Programme Description

Under the Affordable Housing Programme the County provides the following services in both Guelph and Wellington:

- New Rental Housing – administer capital incentives to multi-residential owners to build and operate new rental housing for moderate income households available at affordable market rents.

This budget specifically reflects operating costs and revenues associated with County-owned affordable housing projects including:

- Fergusson Place, a 55-unit rental housing facility in Fergus
- Webster Place, a 55-unit rental housing facility in Fergus
- 182 George Street, a 10-unit rental housing facility in the village of Arthur
- 250 Daly Street, an 11-unit rental housing facility located in Palmerston
- An annual contribution to the Housing Development Reserve Fund

2026 Budget Highlights

Operating Budget:

- Budget adjustments have been made to rent revenue and expenditure lines to reflect actual spending in 2025.

Capital Budget:

- Facility improvements for County-owned affordable housing total \$2.2 million over the ten-year forecast and are funded through the Housing Capital Reserve and a portion of the National Housing Co-Investment Funding Grant.

Performance Measures

Programme/Service:	Affordable Housing
Department:	Social Services
Governance:	Joint Social Services and Land Ambulance Committee

Programme Goals and Objectives

Under the Housing Services Act, 2011 the County is responsible for developing, approving and overseeing the implementation of a 10-year strategy called the Housing and Homelessness Plan (HHP). The goals and objectives of this strategy help prioritize the community's response to housing and homelessness issues in our community at the Service Manager level. It also provides guidance on priorities for how the County of Wellington and Wellington Housing Corporation develop and maintain the County owned housing portfolio. The HHP is responsible for setting the Affordable and Social Housing Programme goals and objectives:

- Help low-income households close the gap between their incomes and housing expenses.
(Tackling a major community opportunity – housing)
- Offer a comprehensive range of supportive housing options for residents with complex needs due to aging, disabilities, mental health issues and addictions.
(Making the best decisions for the betterment of the community)
- Increase the supply and mix of affordable housing options for low to moderate income households.
(Tackling a Major Community Opportunity – Housing; Making the best decisions for the betterment of the community)
- Promote client-centred, coordinated access to the housing and homelessness system.
(Doing what the County does best - providing critical daily services for your residents)
- Support the sustainability of the existing social and affordable housing stock.
(Tackling a major community opportunity – housing)
- Foster access to culturally appropriate housing and homelessness services for Indigenous peoples.
(Doing what the County does best - providing critical daily services for your residents)

Performance Measures

In order to progress toward accomplishing the County's Strategic Action Plan and the programme's goals and objectives, the following performance measures are considered:

	Projected 2026	Actual 2025	Actual 2024	Actual 2023
Number of affordable households that receive rent supports per year.*	30	30	35*	30*
Number of new County of Wellington and Wellington Housing Corporation affordable housing units added to the portfolio per year.	0	28	0	0
Number of households in County of Wellington and Wellington Housing Corporation affordable housing units per year.**	131	131	135**	135**

* indicates that the numbers identified in this category are also included in the "Number of Households in Affordable Housing per year" under the Social Housing Performance Measures section of this Budget

Programme Overview

Programme/Service:	Wellington Terrace
Department:	Long-Term Care Homes
Governance:	Information, Heritage and Seniors Committee

Programme Description

Wellington Terrace is a 176 bed long-term care home located between Fergus and Elora, and is operated under the standards of care defined by the provincial Ministry of Health and Long Term Care.

Our Mission Statement reads “Together our team is committed to providing compassionate care, honouring the unique needs of each resident.”

2026 Budget Highlights

Operating Budget:

- Grants and subsidies are decreasing by \$215,000 compared to the 2025 budget mainly due to the ending of the construction funding. This funding reduction coincides with the Wellington Terrace debt being repaid in full. Partially offsetting the loss of construction funding is higher level of care and direct care funding allocations.
- Increases in salaries and wages include the following new positions: Resource Nurse to enhance clinical care (1.0 FTE), Environmental Services Supervisor increasing to full time (0.3 FTE), a Neighbourhood Assistant is being repurposed to create an additional Resident Care Manager (-0.2 FTE). In addition to new positions, the budget includes adjustments to backfill, on call and overtime assumptions.
- Debt and Transfers: debt charges from the original construction of the facility have matured and are removed from the budget. Transfers to capital reserves have increased by \$450,000 to support the capital projects in the 10-year plan.

Capital Budget:

- Facility improvements including the lifecycle replacements and repairs on building components and equipment are included over the forecast. Projects for replacements total \$6.8 million over the ten years are funded from the Wellington Terrace Capital reserve.
- Equipment and Technology includes the lifecycle replacements of IT infrastructure, nursing and nutrition services equipment and the resident van. Projects total \$3.3 million over the forecast.

Programme Goals and Objectives

Wellington Terrace's mission is to provide compassionate care, honouring the unique needs of each individual. The following are included in the goals and objectives of Wellington Terrace's Quality Improvement Programme (QIP).

- Support residents with a cognitive impairment by providing care in a safe, caring and dignified manner. Our philosophy of care is that all behaviour has meaning. As such, staff strive to anticipate residents' needs and respond to them in a caring and compassionate way, preserving dignity for all residents.
(Doing what the County does best - providing critical daily services for your residents)
- Support residents through the end of life journey with a focus on building a relationship with the resident and family in order to provide them the emotional support through the palliative experience.
(Doing what the County does best - providing critical daily services for your residents)
- A core component of the quality programme includes monitoring groups for falls prevention, skin and wound care, continence care, palliative care, infection control and responsive behaviours. Registered Nurses provide leadership and mentorship to the interdisciplinary team in setting goals, implementing best practices and making recommendations for staff education.
(Doing what the County does best - providing critical daily services for your residents)
- Monitor data reported through the Canadian Institute for Health Information (CIHI) to benchmark performance and set quality improvement targets.
(Making the best decisions for the betterment of the community)
- Ensure improvement is an ongoing process by using an interdisciplinary approach where teams build on the work from the previous year by reviewing outcomes, trialing potential solutions, and collaborating across the home to ensure staff embrace the change ideas.
(Making the best decisions for the betterment of the community)

Performance Measures

In order to progress toward accomplishing the County's Strategic Action Plan and the Programme's goals and objectives, the following performance measures are considered:

	Projected 2026	Actual 2025	Actual 2024	Actual 2023
Percentage of residents responding "Excellent or Good" to: "How would you rate the home as a place to live?"	95%	95%	96%	96%
Percentage of residents responding, "Excellent or Good" to: My satisfaction of how well staff listen to me."	95%	91%	93%	93%

Programme Overview

Programme/Service:	County Library System
Department:	Library Services
Governance:	Wellington County Library Board

Programme Description

The Mission Statement of the Wellington County Library is to enhance the knowledge, skills, enterprise, and enjoyment of the people of Wellington County through the provision of high quality library services. Roles include:

- Popular Materials Library – featuring high demand, current, high interest materials in a variety of formats for persons of all ages.
- Reference Library – providing timely, accurate, and useful information for community residents.
- Preschoolers' Door to Learning – encouraging young children to develop an interest in reading and learning through services to children and for adults and children together.
- Independent Learning Centre – supporting all individuals of all ages in pursuing a sustained programme of learning, independent of any educational provider.

The Wellington County Library System is comprised of 14 branches: Aboyne, Arthur, Clifford, Drayton, Elora, Erin, Fergus, Harriston, Hillsburgh, Marden, Mount Forest, Palmerston, Puslinch, and Rockwood. The library courier delivers materials to all of the branches, so that all County residents have equal access to the entire collection.

2026 Budget Highlights

Operating Budget:

- Additional backfill hours for various locations to bring staffing levels in line with current operational and training requirements within the department.
- Annualization of Assistant Branch Supervisor (ABS) and library page hours to meet staffing level needs at the new Erin Library approved in the 2025 budget as well as additional ABS hours to account for the expected library space upon completion
- Additional ABS hours for the Aboyne location

Capital Branch Improvements:

- Lifecycle replacement for building components at various branches total \$7.6 million and are scheduled throughout the forecast.

Capital Programme Enhancements:

- The Courier Van is scheduled for replacement in 2032. The budget accounts for an electric vehicle purchase reflecting preliminary Corporate Climate Change initiatives.
- Provisions for future technology advancements and furnishing replacements are included throughout the forecast.

Programme Overview

Programme/Service:	Museum and Archives at Wellington Place
Department:	Wellington County Museum and Archives
Governance:	Information, Heritage and Seniors Committee

Programme Description

- The mission of the Wellington County Museum and Archives (WCMA) is to serve as a cultural centre providing resources, programmes, exhibits, support and services for the historical, educational and artistic interests of the communities of Wellington County.
- The WCMA is a National Historic Site, housed in the oldest surviving rural House of Industry and Refuge in Canada, and is mandated to preserve and interpret this national treasure.
- The WCMA collects, preserves, researches, interprets and exhibits artifacts and records that document the settlement and development of the County of Wellington.
- The WCMA offers year round programming including curriculum-based school programmes, workshops and lectures, festivals and special events, and outreach. Special cultural partnerships bring other events like the Insights Juried Art Show to the WCMA.
- The County Archives is the designated repository for the historical records of the County of Wellington and its member municipalities. The Archives provides primary and secondary research materials for a variety of users including students, teachers, genealogists, historical society members, the press and the general public.
- WCMA rents its facilities for weddings, corporate meetings, celebrations of life, and more.
- Wellington Place incorporates the land and infrastructure surrounding the Museum and Archives comprising 195 acres for which the Wellington Place Administrator is responsible for managing.

Programme Overview

Programme/Service:	Planning and Land Division
Department:	Planning
Governance:	Planning and Land Division Committee

Programme Description

- This budget covers the operation of the Planning Department (development services and policy division), the Land Division Committee, County Weed Inspectors and Tree Conservation Officers, as well as mapping/GIS projects, trail development and County Forest Management.
- The budget also includes funding for the Rural Water Quality Programme in partnership with five of the County's local Conservation Authorities; and the funding of the Wellington Source Water Protection Programme which includes the Risk Management Officer employed by the Township of Centre Wellington.
- The Climate Change and Sustainability Division also falls within the Planning Department. This was developed as a result of Council's support of Future Focused - a Climate Change Mitigation Plan for the County of Wellington.

2026 Budget Highlights

Operating Budget:

- User fees and charges for 2026 reflects the Planning fee review completed in 2025 resulting in an increase to revenues of just over \$100,000
- A new Policy planner position has been added to 2026 in order to assist with increased policy development, support major initiatives, conduct research and analysis and support public engagement.
- The budget includes significant increases to operating expenditures and revenues throughout 2026-2030 to incorporate the Home Energy Efficiency Transition (HEET) programme. The expectation is that FCM grant funding will cover all of the net operating costs resulting in the programme having no levy impact.
- The transfer payment line related to Source Water Protection has been updated to match the budget requested by the Township of Centre Wellington, which administers the programme.

Capital Budget:

- Continued investment in updates to the Official Plan to ensure conformity with provincial policy
- Project for the rehabilitation of the Trestle Bridge and trail completed in conjunction with the Township of Centre Wellington over 2026-27
- GIS Web Mapping Software upgrade to replace the current mapping software which is no longer being supported

Performance Measures

Programme/Service:	Planning and Land Division
Department:	Planning
Governance:	Planning and Land Division Committee

Programme Goals and Objectives

The Wellington County Official Plan identifies the following concepts as fundamental beliefs:

- **Sustainable Development** that meets the need of the present without compromising the ability of future generations to meet their own need.
(Making the best decisions for the betterment of the community)
- **Land Stewardship** recognizes that preserving natural features and protecting the environment is a shared value between government, community groups and land owners. County Council believes that all landowners are entitled to reasonable use and enjoyment of their land but they are also stewards of the land with responsibility to the community for the long-term environmental health of their land.
(Making the best decisions for the betterment of the community)
- **Healthy Communities** are those which foster physical, mental, social and economic well being, provide residents with a sense of control over decisions which affect them, are designed to reduce the stress of daily living and meet the life-long needs of its residents and makes accessible employment, social, health, educational and recreational opportunities to all segments of the community.
(Doing what the County does best - providing critical daily services for your residents)

The County of Wellington Climate Change Mitigation Plan strives to integrate climate change into our decision-making by developing actions and policy to lead the community in the reduction of greenhouse gas emissions through the following goals and objectives:

- **Communicate** - develop a common understanding of climate change and climate change action to improve our collective climate literacy. (Making the best decisions for the betterment of the community)
- **Connect** - leverage and expand interconnections across all levels of the community and corporation to build social infrastructure and support climate change action.
(Making the best decisions for the betterment of the community)
- **Build** - create policy, tools and programmes to support and amplify climate change action
(Making the best decisions for the betterment of the community)
- **Act** - implement actions to support climate change prevention and preparedness by and for community members and the corporation.
(Doing what the County does best - providing critical daily services for your residents)
- **Assess and Evaluate** - develop and report on metrics to measure the County's progress on reducing greenhouse gas emission and lowering climate change risk. Utilize measurements to iterate and inform climate actions. (Making the best decisions for the betterment of the community)

Performance Measures

In order to progress toward accomplishing the County's Strategic Action Plan and the Programme's goals and objectives, the following performance measures are considered:

	Projected 2026	Projected 2025**	Actual 2024	Actual 2023
Percent of new residential units from building permits in settlement areas	90%	90%	91%	87%
Percent of agriculturally designated land retained since year 2000*	99.40%	99.40%	99.59%	99.6%
Number of new residential units from building permits	730	550	1,093	592
Corporate greenhouse gas emission % reduction yr/yr	1%	2%	5.4%	0.3%
Corporate greenhouse gas emission for buildings per square foot kg co ² /sqft ²	2.31	2.34	2.39	2.47
Community greenhouse gas emissions % reduction yr/yr	2%	2%	-3%	1%
Community greenhouse gas emissions per capita (tonne co ² per capita)	11.75	11.99	12.24	12.23

*Note: Agricultural land is taken from the Wellington County Official Plan and includes Prime Agricultural Area, Secondary Agricultural Area and Greenland Areas.

**These figures remain projections, as data from external sources are not available until mid-year.

Programme Overview

Programme/Service:	Green Legacy
Department:	Planning
Governance:	Planning and Land Division Committee

Programme Description

- The mission of the Green Legacy programme is to inspire and enable the Wellington County community to grow and plant trees to improve our environment for future generations.
- The Green Legacy is a dynamic programme that includes the growing of trees and community involvement in the process. The programme was established in 2004 and by the end of 2025, over 3.53 million trees will have been distributed and planted within the County.
- Trees produced are distributed to Wellington County landowners, municipalities, organizations, schools and conservation authorities for planting in the County.

2026 Budget Highlights

Operating Budget:

- Includes the addition of a two-year contract Community Tree Planting Coordinator position with a start date of March 1, 2026. The cost of the position is expected to be fully offset by a successful grant application. The County has been approved for a grant totalling \$204,400 over two years.

Capital Budget:

- The 2026-2035 capital budget forecast includes end of lifecycle vehicle and equipment replacements totalling \$460,000.
- Lifecycle replacement for building components at both nurseries total \$495,000 and are scheduled throughout the forecast.

Programme Overview

Programme/Service:	Community Emergency Management
Department:	Planning
Governance:	Planning and Land Division

Programme Description

- The aim of emergency management is to address increasing public safety risks in Ontario communities by developing or improving emergency management programmes based upon international best practices.
- Emergency Management programmes include conducting training exercises; creating public awareness and education; and establishing an emergency response plan approved by Council.
- The programme also requires hazard identification and risk assessment for each municipality in the County. The responsibility for the development, implementation and maintenance of community emergency programmes is vested with the Community's Emergency Management Coordinator, who also acts as the CEMC for all seven member municipalities.

2026 Budget Highlights

Operating Budget:

- Fire safety training, which is funded by the County on behalf of all seven local municipalities, is continued throughout 2026-2035
- Purchased services includes an increase to printing for the preparation of the emergency preparedness guide
- Annual subscription to the Weather Alert communication system, cost shared with the Roads Department

Capital Budget:

- The purchase of a spare repeater and GPS clock in 2026 to ensure network coverage in areas where equipment is installed.
- Continued programme funding for paging site batteries, generator replacements and radio replacements (\$240,000 in 2028 - 2033)
- Vehicle replacement in 2028 with a traditional fuel powered vehicle and in 2035 with an electric vehicle

Programme Goals and Objectives

The Wellington County and Member Municipality Emergency Response Plan outlines the five components of a risk based management approach:

- Prevention – actions taken to stop an emergency or disaster from occurring.
- Mitigation – actions taken to reduce the adverse impacts of an emergency or disaster.
- Preparedness – actions taken prior to an emergency or disaster to ensure an effective response.
- Response – the provision of emergency services and public assistance or intervention during or immediately after an incident in order to protect people, property, the environment, the economy and/or critical infrastructure.
- Recovery – the process of restoring a municipality including its residents, economy, environmental, critical infrastructure to a new normal and considering opportunities to build back better.

Wellington County has developed a risk-based emergency management programme that consists of the following prescribed elements that may include these five components:

- Development of Emergency Response (ER) Plans including Risk-Based Emergency Response Plans and Service Continuity Plans.
(Doing what the County does best - providing critical daily services for your residents)
- Training for members of the Municipal Emergency Control Groups (MECG), support staff, and partner agencies and organizations. **(Cherishing the County's most valued asset - its Staff)**
- Public awareness and education on municipal risks to public safety and on personal preparedness for emergencies. **(Doing what the County does best - providing critical daily services for your residents)**
- Conduct exercises to test all or portions of the Emergency Response Plan, municipal specific plans/procedures and/or its partner response agencies plans/procedures.
(Making the best decisions for the betterment of the community)

Performance Measures

In order to progress toward accomplishing the County's Strategic Action Plan and the Programme's goals and objectives, the following performance measures are considered:

	Projected 2026	Actual 2025	Actual 2024	Actual 2023
ER Plans developed or updated	10	13	22	15
New MECG members trained	25	101*	30	24
Public educational engagements conducted	22	24	27	18
Training exercises completed	20	24	19	19

**This number is quite high as we trained all MECG members on the new D4H platform in 2025.*

Programme Overview

Programme/Service:	Police Services
Department:	Provided under contract by Ontario Provincial Police
Governance:	Wellington County O.P.P Detachment Board

Programme Description

- Wellington County was the first municipality in Ontario to have a County-wide policing contract with the Ontario Provincial Police (O.P.P.), has the largest single contract location in the O.P.P., and is the second largest O.P.P. detachment in the Province. The provincial billing model splits policing costs into a Base Service – with a cost based on the number of properties in the County and a Calls for Service component that is variable from year-to-year based on the proportion of calls the O.P.P. takes in the County in relation to the overall provincial workload.
- Officers are based out of County-owned facilities in Aboyne, Rockwood and Teviotdale. The Traffic Management Unit is staffed by one sergeant and six constables, and promotes an enhanced level of road safety throughout the County.
- Governance of policing services is provided by the Wellington County O.P.P. Detachment Board which is comprised of the Warden, two County Councillors, one individual appointed by the County and one provincial appointee.

2026 Budget Highlights

- The 2026 O.P.P. contract estimate of \$20,169,000 is up by \$2.2 million, or 12.2% from 2025 which includes a significant one-time Provincial cap of estimated costs, as well as the resources from the O.P.P. Enhancement Strategy Proposal approved by Council in May 2025 as well as a reduction of \$450,000 for the provision for the OPP contract reconciliation. Future years of the forecast include the removal of the cap and inflationary increases.
- There is an allowance for one new uniformed officer beginning in 2027 and throughout Ten-Year Plan that will be added to the contract to keep pace with growth in the County and to address service level requirements. Each additional officer is expected to cost approximately \$222,500 annually (in 2026 dollars).
- Grants and subsidies includes the annual RIDE Programme (\$23K) and Prisoner Transportation (\$41K) grants as well as the Bail Compliance and Warrant Apprehension (BCWA) grant (\$93K) and the Fraud Prevention grant (\$47K). The BCWA and Fraud Prevention grants are both fully offset by associated expenses.
- The budget also includes the cost of the O.P.P. Detachment Board; administration of parking tickets and false alarms; additional police related revenues including reference checks, the cost of County-owned facilities; and annual grants to Safe Communities and Project Lifesaver.
- The 2026-2035 capital budget includes facility improvements and equipment replacements at the three County-owned detachments.

Performance Measures

Programme/Service:	Police Services
Department:	Provided under contract by Ontario Provincial Police
Governance:	Wellington County O.P.P Detachment Board

Programme Goals and Objectives

The O.P.P. has created a new Strategic Plan which supports our vision of Safe Communities...A Secure Ontario. The O.P.P. Strategic Plan enhances our commitment to public safety through the delivery of proactive and innovative policing, in partnership with the communities we serve. The vision, mission and values of the O.P.P. align with the needs of Wellington County.

We are committed to collaborating with our community partners to enhance our robust embedded clinician programme. The Integrated Mobile Police and Crisis (IMPACT) programme delivers appropriate care at the right time and in the right place. Wellington County has additionally partnered with the Canadian Mental Health Association (CMHA) in the creation of the Support after Suicide Programme.

Wellington County O.P.P. is committed to supporting our work, our people and our communities. As a responsive and evolving detachment, we will partner with stakeholders in the creation of a traffic management plan to address the needs of our growing community. Our Plan in Wellington County is vision focused – mission driven – values based. By protecting our citizens, upholding the law and preserving public safety, we can deliver not just effective but the highest level and best quality professional police service to the residents of Wellington County.

- Reduce the victimization from instances of sexual violence in our communities.
(Doing what the County does best - providing critical daily services for your residents)
- To address and prevent illicit drug crimes in our communities.
(Doing what the County does best - providing critical daily services for your residents)
- To address and prevent property crime.
(Doing what the County does best - providing critical daily services for your residents)
- Sustain a continuous year-round focus on the causal factors of motorized vehicle collisions.
(Doing what the County does best - providing critical daily services for your residents)
- To identify co-response solutions for non-police-related demands for service that impact police resourcing. **(Making the best decisions for the betterment of the community)**
- To develop transfer of care protocols with relevant healthcare facilities.
(Making the best decisions for the betterment of the community)
- To streamline collision reporting **(Making the best decisions for the betterment of the community)**

Programme Overview

Programme/Service:	Provincial Offences Act Administration
Department:	Administered by the City of Guelph
Governance:	Administration, Finance and Human Resources Committee

Programme Description

- The City of Guelph, through its Court Services Division, delivers Provincial Offences Act (POA) administration on behalf of the County and its member municipalities.
- Responsibility for POA administration was transferred to municipalities in 1998.
- The County shares in the net revenue from the operation, which is distributed between the City and County based on the location of each offence.
- The majority of fine revenue is generated from offences under the Highway Traffic Act.

2026 Budget Highlights

- Net fine revenue to the County has been estimated at \$300,000. These estimates based on information received from the City of Guelph.
- The 2026 – 2035 capital budget includes the County's portion of:
 - Court Services Facility renewal projects totalling \$310,000 over ten years.
 - Capital equipment replacements totalling \$425,000 over ten years.
 - Security and IT equipment replacements totalling \$360,000 over ten years.
 - POA capital is funded through the General Capital Reserve.

Programme Overview

Programme/Service:	Land Ambulance
Department:	Administered by the City of Guelph
Governance:	Administration, Finance and Human Resources Committee

Programme Description

- Land Ambulance has been a municipal financial responsibility since 1998.
- The City of Guelph is the designated delivery agent for the service delivery area comprising Guelph and Wellington County.
- All ambulance staff are employees of the City of Guelph.
- The Ministry of Health and Long Term Care provides grants for ambulance services based on 50% of the prior year's operating expenditures.
- The City and County share the net municipal cost based on the proportion of call codes 1-4 in each municipality.

2026 Budget Highlights

Operating Budget

- The budget includes hiring eight additional paramedics and a superintendent in 2026 and another four paramedics and a administrative support position in 2027. The additional positions are intended to mitigate pressures from increased call volumes and assist with meeting response time targets.
- The County included a contingency on the City's budget in response to prior year variances and to allow for additional expenses with the expiration of the collective agreement in March 2026.
- The increase in the transfer to reserve line is to provide funding for land acquisition and building new ambulance facilities throughout the County.
- The County funds approximately 37.8% of the municipal share of Land Ambulance expenditures based on calls for service, and has a levy requirement of \$9.1 million in 2026.

Capital Budget

- The City of Guelph has completed a new Ambulance Deployment Optimization Study in 2024. The capital forecast includes a proposal to build five new ambulance facilities throughout the County (plus additional facilities outside the 10-years) and lease back to the Ambulance Service through the City.
- Proposed locations include: Erin (2027/28), Guelph/Eramosa (2029/30), Harriston (2031/32), Mount Forest (2033/34), Fergus (2035). Design and construction, including land acquisition costs as required, for the five stations in the current 10 year plan is budgeted at \$42.0 million.
- There is rehabilitation projects within the City of Guelph at Elmira Road with the County's share at \$2.4 million, funded through the Ambulance Reserve.
- The County contributes approximately 40% of capital costs for City projects for replacement ambulances, ambulance equipment and ambulance related IT replacements. Total County costs over the ten-years of \$7.6 million is funded through the Ambulance Reserve.

Programme Overview

Programme/Service:	Public Health
Department:	Wellington-Dufferin-Guelph Public Health
Governance:	Board of Health

Programme Description

- Public Health services are delivered by Wellington-Dufferin-Guelph Public Health (WDGPH) in accordance with the Health Protection and Promotion Act and the Ontario Public Health Standards and Protocols published by the Ministry of Health and Long-Term Care.
- WDGPH was formed in 1967 and is governed by an autonomous Board of Health consisting of municipal and provincial appointees. The County of Wellington appoints three members to the Board.
- WDGPH receives an annual operating grant from the Province of Ontario, and the net municipal cost is funded by the City of Guelph (46.7%), the County of Wellington (31.7%) and the County of Dufferin (21.6%) in proportion to their population. These proportions reflect the 2021 census figures.
- Services and/or administration are currently provided from four locations throughout Wellington and Dufferin Counties and the City of Guelph: in Wellington County at Wellington Terrace; in Dufferin County at offices in Shelburne and Orangeville; and in Guelph at the Chancellors Way facility.
- WDGPH owns two of the four facilities, located at 180 Broadway in Orangeville, and 160 Chancellors Way in Guelph.

2026 Budget Highlights

- The County of Wellington's share of the gross municipal levy for WDGPH is \$3,183,000.
- This represents an increase of 2.9% (\$90,000), from the 2025 gross levy.
