

NOTICE OF STUDY COMMENCEMENT

County of Wellington

Wellington Road 7, Bosworth Bridge No. B007028

Township of Mapleton

Schedule B Municipal Class Environmental Assessment

The Study

The Bosworth Bridge (No. B007028) consists of a single span steel truss structure with a concrete deck over the Conestogo River. The bridge has a span and deck width of 40.1 m and 8.4 m respectively and was constructed circa 1949. The bridge is located on Wellington Road 7 in the Township of Mapleton, 0.8 km east of Wellington Road 11. The study area extends approximately 1 km on either side of the bridge. As part of a bridge inspection conducted in 2019, the Bosworth Bridge, No. B007028 was found to be in poor condition with major elements showing signs of significant deterioration. WSP has been retained by the County of Wellington to complete a Municipal Class EA Study to address these items.

The Process

The study is being conducted in accordance with Schedule B of the Municipal Class Environmental Assessment process (2000, as amended in 2015). The study will confirm and document the existing structural deficiencies and identify alternative solutions, including rehabilitation or replacement of the bridge, and evaluate associated environmental impacts.

Comment Invited

A key component of the study will be consultation with interested stakeholders including public, agencies and Indigenous communities. We want to ensure that anyone with an interest in this study has the opportunity to provide input and feedback. Project updates will be posted on the Wellington County website www.wellington.ca and you are invited to provide input to the Project Team. Upon completion of the study, the planning process and recommendations will be documented in a Project File and made available for public review.

If you have any questions or concerns at any time during the study, or wish to be placed on the study mailing list to receive study notices directly, please contact either of the project team members below:
