

Enhanced Support System

Enhanced Support Staff Overview and Consent

Our child care programme is applying for Enhanced Support Staff funding to support all children in your child's classroom.

What is Enhanced Support Staff?

Enhanced Support Staff work alongside our educators to support all children, including your child. This funding is intended as short-term support, with ongoing needs assessed in collaboration with The County of Wellington Resource Consultants.

Sharing Personal Information

To apply for this funding, we need to share personal information about your child with The County of Wellington to demonstrate their needs while in the classroom and ensure the funding criteria are met. If your child is receiving support from other consultants (e.g., CMHA, KidsAbility), The County of Wellington Resource Consultants may collaborate with them, provided you have consented to share your child's information with these agencies.

Personal information shared with the County of Wellington authorized under the Child Care and Early Years Act and protected in accordance with the Municipal Freedom of Information and Protection and Privacy Act.

Next Steps

We will submit the application to The County of Wellington and expect a response within 2 weeks. You can request to see the application and any recommendations provided by the Resource Consultant at any time. We will follow-up with you once we hear the outcome.

Consent

I consent to my child's personal information being shared with The County of Wellington and their Resource Consultants to assess the need for additional staffing support in the classroom.
