Wellington Terrace Wish Book

HOW THE WISH BOOK WORKS

DONATIONS

Wellington Terrace is a non profit Municipal Long-term Care Home which benefits from the generosity of donations to purchase the little extras that make us an exceptional home.

If you are considering making a donation to Wellington Terrace please consider browsing through our Wish Book to see what your financial contributions could purchase.

You do not need to donate enough to buy the entire item but can request your donation go towards a certain purchase.

**AT THIS TIME WE WISH TO
LIMIT DONATION ITEMS TO
THE SUGGESTIONS IN THE
WISH BOOK**

STAFF APPRECIATION - ANY DENOMINATION

Many residents and families wish to recognize and thank employees for their efforts.

When possible, we like to recognize all members of the neighbourhood team in their appreciation efforts. This includes nursing, environmental, nutrition, administration support and recreation staff.

We do accept donations to our staff recognition fund and use this to provide treats to all staff throughout the year such as meals and treats from our pop-up cart. We will acknowledge your generosity so the staff are aware.

RESIDENT NEEDS - ANY DENOMINATION

Your donations are also able to provide ongoing needs that some residents are not financially able to afford.

SENSORY-SCAPES

Sensory-scapes crafts sensory therapy, reminiscing, Montessori practices and other therapies into the everyday landscape of our home.

They do this by designing completely custom wall murals, bringing them to life with interactive sensory props and placing them out in common spaces for everyone to enjoy.

They use beautiful high quality graphic images and real retro/vintage props that are safely and securely integrated into the murals. They add sensory stimulation and incorporate activities and guides for residents, families and staff.

Wellington Terrace currently has Sensory-scapes in the Snoezelen room, hallways of Maple Ridge and in the dining rooms of Maple Ridge, Cedar Gorge and Walnut Grove.

MAESTRO

The maestro is an invitation to create, simply. There are no rules to learn and no gestures to master. You place, you turn, you listen. Every action naturally becomes music. The maestro was designed to be intuitive, accessible to everyone, and deeply human. All you have to do is follow the movement, your curiosity, and the joy of creating. Welcome to a failure-free universe. Welcome to the maestro experience!
